Re the Fairfax Electoral Boundary.

Redistribution Committee.

We the undersigned strongly object to The redrawing of the Fairfax Boundary which excludes Noosa area, and places it in another electoral boundary with the headquarters and elected member in Maryborough. Maryborough is two and a half hours drive from Noosa and has very little in common with the Noosa area. Much of the wealth of Noosa is generated from tourism. Maryborough is mainly farming. These differences would mean that the elected member would have great difficulty in managing effectively both areas.

Alex Somlyay has been an excellent representative of his electorate, and because of this as well as the other reasons we would prefer to stay with the present arrangement.

Yours sincerely
 Jay R Wells
