3rd July 2006.

The Australian Electoral Officer for Queensland.
Level 7.Collection House,
488 Queen Street,
BRISBANE. 4000.

Dear Sir/Madam.

Re. Proposed Federal Electorate of WRIGHT.

We wish to lodge an objection to the above proposal on the following grounds.

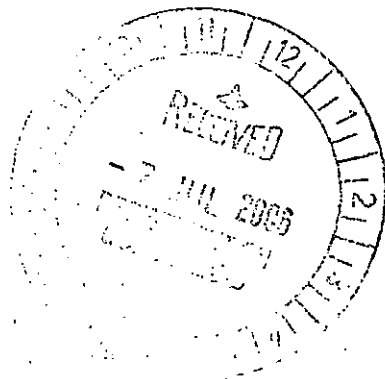

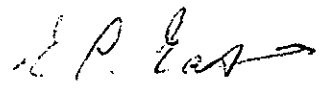

1. Residents of the Winton District as well as most of the Rural Communities which would be included in the proposed Electorate do not have the slighted "Community of Interest" with Gladstone which would be the main centre of business in the Electorate.
2. There is no direct road or air service from our community to Gladstone.
3. Most people in this district have never even been to Gladstone.
4. This is the 4th time in about 10 years that the people of this area have been pushed into another Electorate. We are getting very frustrated by this action.

We do not wish to be put into an Electorate where we have no community of interest, such as would be the case with this proposal.

The residents of The Winton District conduct much of their business with Townsville where we have direct air and road services, which are much more accessible than Gladstone.

We are requesting that The Commission reconsider this proposal.

Yours sincerely,
John Stanley East.
Elinor Patrina East.
