Subject Proposed redistribution Algester to seat of Oxley

Classification Unclassified

The Chairperson Committee for Qld.

I read in my local paper,with great concern, your proposal to have several suburbs, including mine of Algester to be included in the Federal seat of Oxley.

I have lived on the western side of Beaudesert Road for many years. I have always taken an interest in this local community, supporting local projects etc. I have watched with pride the development of my area.

I am strongly opposed to any such redistribution which would involve divorcing the suburbs of Algester, Parkinson and part of Calamvale from what has become a well established tight nit flourishing community.

Yours Sincerely,

Chester Hallam
