Proposed Redistribution

Hopefully that is what it is
only a proposal because who ever is responsible
for this debacle needs to start again.

Just because someone gets a
piece of paper from a Mni it does not mean that
they have any COMMON SENSE.

Why split up the Wide Bay
who in their right mind would put Beggenden in
with Longreach. Who in hell would split MBRO
from Woocoo and Hervey Bay. MBRO has nothing
in common with the Sunshine Coast.

Get real or get another job
and please "learn" some Common Sense
