Aust. Electoral Commission,

Sir,

The proposed changes to Boundries is ludicrous. Can you see any connection between Noosa, Tin Can Bay & Poona & Manlyvale. They do not even share a Phone Book or area!!!

Surely some common sense could be allowed at the Government Level. If elections can't be won on common sense they don't deserve to be won at all!!!  
Tok's jerrymannder at least was more of an equalizer. Area's should not be split up.  
Common interests should be looked after.
