REDISTRIBUTION COMMITTEE FOR Q, LAND
G.P.O. BOX 2590,
BRISBANE 4001

Dear Sir:

I am writing to strongly protest against the proposed redistribution, which establishes the new electorate of Wright.

The configuration of the proposed electorate defies logic.

My twentyone years as a Shire Councillor (now retired) helps to convince me how extremely difficult it would be for an elected Member to adequately and fairly represent such a diverse electorate, which encompasses a region from East to a Western area of the State, wherein reside so many residents with an absolute diversity of interests and methods of earning a living.

Therefore I would urge you to retain the present Maranoa boundary, at least in this Central Area of the State.

Yours faithfully,

C.O.MULLER
