Redistribution Committee of Qld.
G.P.O. Box 2590
BRISBANE.Q. 4001..

Dear Sirs,

Re the new electorate of WRIGHT.

I strongly object to our district being thrown around as if it was of no consequence. When will the electorate committee every be satisfied? This is the fourth electorate Winton has been put in with no consideration or thought for our communication or compatibility with the rest of the electorate.

Maranoa is a great improvement on Capricornia as we have a member who understands the wants and needs of the rural areas. He also makes lots of trips to meet the people and take on board their ideas.

What possible interests could we have with Bundaberg and Gladstone or they with us? If we do business it is with Brisbane or Townsville, both of which are more able to be accessed from Winton, as we have transport services of a kind from both cities.

For once sit down and consider these very important points before making "lines on maps" that look tidy!!!

Yours from a very concerned and life long member of Winton and district.

Rosemary Archer
