Dear Commissioners,

We wish to lodge an objection to the proposed transfer of our areas from the electoral division of Harewood to the new division of Wright.

To include this western district of Queensland with the heavily populated areas of the inner industrial and coastal areas would mean we would be excluded from strong representation, as a member is required to pursue the wants of the majority of the population. This, at times, would be the absolute opposite to the needs of people in the more sparsely populated areas of the inland.

With Harewood as our division, we are given the full support of our member in Parliament; whereas, we will not if included in the new Wright electorate.

Even if our needs are just and reasonable we will not get any representation, being only a voice in the wilderness, never heard by the Government, in the proposed new division.

Yours faithfully

Bruce + Mary Emmott

(BRUCE + MARY EMMOTT)
