AUST Electoral Comm.
GPO Box 520
HOBART 7001

3-9-2008

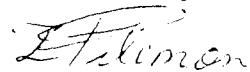

I am writing this letter because I am very concerned about the Electoral Commission deciding to move Latrobe Electorate from Braddon to Lyons.

When I first heard that a township on the West Coast was being moved into the Braddon Electorate I thought nothing of it and that seemed to be OK but now I learn that because of this move, it will dearly cost this community because we are the ones that will pay the price and I don't think that is very fair. Have you seriously thought about how this will effect us. We have been dealt with very poorly in the past and it seems to be happening time and time again.

I strongly disagree with this move as does everyone that I have spoken to. It is a very serious issue and it is obviously not going to help us grow and develop with our adjoining City of Devonport who we have strong ties with.

This move will obviously help a few politicians based in Burnie and perhaps that is the reason behind this move. It is very irresponsible.

Your faithfully
