Dear Sir,

I would like to object to the Latrobe Municipality being transferred from Braddon to Lyons.

ACCREDITED  
T.B. AND  
C.A. FREE

It took quite a long time to have Latrobe based in Braddon which I think it is best suited as the North West Coast runs from Sassafras to Circular Head. Latrobe is recognised as part of Braddon and has a very strong affiliation and links in the region through Cradle Coast Water, tourism, Natural Resource Management and is part of the '64' telephone district.

ENQUIRES  
INVITED

Latrobe is the fastest growing municipality in the North and being part of Braddon makes it much easier for political representation. The Mersey Community Hospital is also part of the North West and much more suited to Braddon. Latrobe would be in the far flung corner of Lyons and have no close political affiliation as we have now.

I understand that the electorates need to have a similar number of voters but in my view Latrobe should not have to change at the expense of other areas.

I trust the Commission will have another close look at the impact of the change.

Yours faithfully,
