**Subject:** NSW redistribution

To whom it may concern

It is with concern that I write on behalf of the Country Womens Association, Murrumbidgee Lachlan Group concerning the NSW electoral redistribution.

There has been some discussion in the news regarding the proposal to eliminate a country electorate and we oppose that proposition completely.

It is necessary to maintain effective representation of diverse country districts in parliament and we ask that all the western country electorates remain intact.

Yours Faithfully

Cheryl Mayberry

Murrumbidgee Lachlan Group Secretary
