Dear Sir/Madam,

On behalf of the Management Committee of the Australian Kurdish Association, I am writing to you about our objection to the redistribution proposal which includes the Reid electorate.

The Australian Kurdish Association has been established in 1979 in order to help the Kurdish migrant and refugees during their settlement process in Australia. Many of our community members live at the Reid electorate and they rely on the services of the Granville local member.

We know that the Reid is one of the highest populated electorates and has many newly arrived migrants who will be qualify for citizenship after a while. Then they will participate in Australian democracy.

As a matter of fact that the Reid electorate will grow faster than any rural electorate in NSW. We strongly believe that many new arrivals and non-English speaking migrants will suffer from this redistribution.

Therefore we would like to suggest you to take our concerns into account before making a final decision about the redistribution.

Kind regards,

Mrs Necla Dag
