To: NSW Redistribution
Subject: Redistribution in the Gilmore electorate.

The Committee Chairman,

This is where we live. It concerns me when we are advised that in the boundary redistribution, there are two distinct communities, rural and metropolitan.

Previous distribution have always included areas of a similar nature and interests, namely rural.

With the proposed changes we suffer an identity crisis. Throsby to our North is city/urban. The Wingecarribee on the other hand is naturally connected to the Shoalhaven. Its commercial interests are similar and also provide a physical connection between the mountains and the sea.

My personal experience as a small business operator for the past 30 years in the area appreciate the divide between the two areas. Different selling needs were required because of community needs and expectations were different

We definitely do not wish to be included in an urban suburban based electorate. We feel we would be neglected.

BARRY & MARGARET NIXON Nowra.
