Subject: Public Comment Submission into NSW Seats

Dear Members of the Committee,

I wish to make a submission in relation to the proposed redistribution of Federal Electorate Boundaries in NSW.

As a rural resident, I believe it essential that we DO NOT lose any further seats as times are already very difficult and with the ongoing drought coming into its eighth year – we do not need further threats to our electorates. It would mean to see our local member, we would have to spend a lot more money on fuel etc – times are just too tough and our Federal Riverina electorate is already a sizable region.

We are proud of our local Member, Mrs Kay Hull MP who works her 'tail off' for her large electorate.

Surely, the metropolitan areas in NSW could be extended into larger areas and leave the rural seats as they are please.

The rural and remote areas need to be considered a lot more and I would ask that you please leave the rural electorates alone.

Thank you for the opportunity to submit a comment.

Best wishes,
Clr. Rick. Firman.
