Dear Sir / Madam,

I am writing to say how alarmed we are feeling that the seat for Riverina is under threat. Commonsense tells anyone the cities may have the numbers but the country areas are just as important and because of distances we really need the seat for Riverina to be retained.

Is it true some electorates within Sydney are under the required numbers so why does the country areas have to be penalized?

At present we have the member for Riverina doing all that is possible for the country people and I am appealing to you to leave the Riverina Seat as it is.

Please take notice of the Country people's wishes.

Yours sincerely,

Mrs Barbara Carmichael
