Subject: Reply to Riverina seat being lost

Hi just wanting to comment on the fact that the redistribution will take a seat away from the Riverina, as it is now it is very difficult to see any real terms of help and information being correct coming to us. Out here in the regional areas we can at least approach the minister Kay Hull with specific issues of all kinds that come up and need our attention and her attention to get the city people and the government to see that we are not sitting on our back sides waiting for hand outs either. we do get up and have a go for our sack. It would be very unfair to take this seat off us when the government has others metropolitan seats which could go. That person doesnt have as far to travel to their constituents and be able to keep the finger on the pulse not come along after asking what happened and now maybe! We also get alot of enjoyment out of her officiating at any of our debutante balls and openings of grounds and plaques, it is great that she cares enough to come and be seen with us. If this seat goes to metro we will never see anyone and that person will soon loose touch with how we live and how we are in the scheme of things, due to getting so busy!!!! But that won't help us people who love to live here but should not be shoved aside and forgotten. Sue Hardwick. Tarcutta
