To: NSW Redistribution
Subject: Proposed redistribution

To Whom it may concern

As a resident of Wagga Wagga I wish to lodge my opposition to the abolition of the seat of Riverina. Wagga Wagga is a large inland city servicing a wide country area. We are constantly being denied adequate and time friendly transport to both Sydney and Melbourne. Our hospital is in a critical state with services being cut and staff shortages. Wagga Wagga needs a representative to voice our needs and to make sure that we are granted fair and adequate funding for essential services. The whole state of NSW is in a mess and it is time those in authority got out from behind their desks and actually experienced the day to day difficulties that ordinary folk face daily whether in the city or the country. I have lived in both the city and country and have experienced first hand the difficulties those with chronic illness face obtaining treatment, travel difficulties, adequate aged care and accommodation - the list goes on. Please leave us our representative so we will have a voice in Parliament.

Yours faithfully,
Joan Riches
