The Chairman,
N.S.W. Redistribution Committee.

Dear Sir,

I wish to register my concern about the pending changes to the NSW electoral boundaries. I suggest that if NSW has to lose a seat that it comes from the metropolitan area where 34 electorates represent less than 2 percent of the state's area. This leaves 98 percent of the state's area to be included in just 15 electorates. Already long distances make proper & effective representation very difficult for members. People in rural & regional areas have a right to have ready access to their Federal Member of Parliament. Please do not reduce their representation any more.

Yours Sincerely,
Sally Short.
