Redistribution Committee

Australian Electoral Commission

The proposed abolishment of the Federal seat of Riverina is a complete insult to the electors of this area, because we would have absolutely no voice in Parliament with Kay Hull not being at the helm.

It is a Labour government fabrication to remove Kay Hull, who is a very strong voice in Parliament, irrespective of what party local people vote for.

The idea of losing a Federal seat to Queensland through a redistribution process indicates the N.S.W. State Government has no chance of defeating Kay Hull, so therefore the best way (that they can think of) is to abolish the seat of Riverina and therefore remove her.

It shows how frightened McKees is of her.

We must always retain our local seat in Parliament so that we will always have a strong representation.
