**Subject:** Objection to the Proposed New Queensland Division's Name of Wright.

Dear Sir/Madam

I wish to officially lodge my objection to the Proposed New Queensland Division's name of Wright.

As a Queenslander and a retired police officer I strongly object to the name of Wright. My grounds for my objection is that it brings up the memory of convicted politician Keith Wright, a member of parliament who has been convicted of serious sexual offences. All other police officers I know would also object to naming an electoral division ..Wright.

I support the alternative name suggested for the Proposed New Queensland Division's name of WALTERS who is the only Aboriginal Fighter pilot in the RAAF during the Second World War. Recognising him in the naming of this electorate would be contributing to Reconciliation between all Australians.

Yours Sincerely

George and Lorraine Pugh
