Subject: Wide Bay

I wish to object to the continued inclusion of the coastal parts of the old Noosa Shire (south of the Noosa River) in the Wide Bay electorate. Considering the aspects supposedly taken into account, this part of the Sunshine Coast has no "community of interest" whatsoever with Maryborough and the Wide Bay electorate while "communication and transport links" are no better than long range links for the whole of the country with the Noosa and Mary Rivers representing major barriers. Finally, the "physical features" are substantially different.

I was overseas at the time of the change in electorate for this area and was not able to object at that time as I was unaware of the changes. However, my experience since returning have reinforced my opinion that this inclusion is totally inappropriate.

I would suggest that Peregrine Beach, Marcus Beach, Sunshine Beach, Noosa Junction, Noosa Heads, Tewantin and Noosaville be reallocated to the Fairfax electorate.
