**Subject:** Electoral Boundary Proposed Redistribution

To whom it concerns,

I am currently a member of the Herbert region as I live in Townsville. In Annandale I am 10 minutes from the city centre. I am an active member of the Townsville community and make a point of keeping up to date with issues pertaining to my community.

I am concerned at being considered a number rather than an active community member.

Community is what makes us who we are. Even when I lived in Mount Isa I felt a great sense of community with people in my district. Numbers do not make community, people do.

Australia is a vast country with diverse regions and wonderful communities. Please do not rupture the fabric of who we are.

I make my objection to this proposed redistribution. I am concerned that I would 'supposedly' be represented by someone who is not a part of my community.
