MURRAY ELECTORATE REDISTRIBUTION

As a retired media executive who has voted at Federal Elections in Shepparton for 44 years, I urge that any Murray Electorate Redistribution be with rural electorates to the east, west or north, so as to retain the community association with nearby rural towns in matters of health, education and welfare.

As the Victorian population growth is predominately on the fringes of Melbourne, nearby current rural zones are being devoured of their historic characteristics and regurgitated into suburban housing zones..
