Alex,

Darren called to check if we had received Charlie Bell's submission and also said he and Roger Howe would be submitting something this evening or in the morning.

I didn't give him any commitments about decisions needing to be made by delegate's or the like, I just said that you would need to first consider Charlie's submission, John Davey's submission and any other submission we got from Darren/Roger shortly.

He asked if you could call him back when you get a chance, though I mentioned that might not be until tomorrow.

Cheers,
