The AEC redistribution committee

Dear committee,

AEC's proposal to abolish our seat of North Sydney is completely wrong, ill thought out, poorly planned and with illogical reasoning.

As a long-term resident and constituent, it is I consider your proposal appalling. I completely reject the proposed changes to North Sydney Electorate and 100% agree with the reasoning laid out in OB686.

You are wrong and need to reverse your recommendations.

Sincerely,

Matthew McKay
