Dear Redistribution Committee

I write to object to the Draft Plans to abolish the Federal seat of North Sydney and modify (disrupt) the Federal Seat of Warringah.

I have been a resident of Frenchs Forest in the Federal Seat of Warringah for 11 years and have loved living here.

Prior to this, I lived in Waverton in the Federal Seat of North Sydney for 34 years. I remember with fondness and respect Mr Ted Mack, a great Independent whom I knew personally well.

Both Warringah and North Sydney have given me a sense of belonging to well functioning, pro-active and engaged communities.

Unfortunately, I have come to believe that the changes proposed are politically motivated and aim at disrupting the role and even getting rid of two independent federal seats represented by women.

I support:

Objection 554 - Michael Fong  
Objection 618 - Kirsty Gold  
Objection 671 - Zali Steggall OAM MP  
Objection 686 - Kylea Tink MP

Yours sincerely

Christiane Le Cornu
