Objection 185

My submission on the proposed boundary change for the Electorate of Bennelong.

I would like to suggest that the western boundary of Bennelong with Parramatta be changed to Pennant Hills Road. This will be less disruptive to neighbourhoods where Pennant Hills Road is a busy thoroughfare while Midson Road is a relatively quiet street where neighbours on each side of the street know each other and interact with each other on an ongoing basis. I live just around the corner in Dawson Street and it seems very unfriendly to divide a neighbourhood in this way. I know it's complicated but please give due consideration to this suggestion. Many thanks.

Yours faithfully - John Gwynne
