Opposition to proposed changes to Bennelong Electorate boundaries.

I identify my community as that of Beecroft, Epping, Eastwood, Ryde, West Ryde, Macquarie Park as these are the areas of my social activities and health and community services. I do not go to Parramatta and its precincts for any reason. I want to be served by a member of parliament whose electorate is the one I belong to, the one in which I live in and have all my needs met with. I oppose strongly to the proposed changes that will move me out of Bennelong.
