OBJECTION TO THE PROPOSED ABOLISHING OF THE FEDERAL SEAT OF NORTH SYDNEY

I moved from London in mid 2072 with my English husband.

We initially settled in Neutral Bay followed by Willoughby, and in 1986 to Artarmon where I currently live.

We both worked for many years in the North Sydney Electorate and my children attended Willoughby School.

I have found many amenities in my area, from my Photography Club, excellent shopping, and a very friendly community.

North Sydney is one of the original Federal Constituencies and as such it is imperative that it be retained.

It is understood that the population is slated to increase dramatically with so much construction as it is an area in which people would like to reside, and downsize to.

The seat could easily increase numbers from the surrounding 3 federal areas.

I am hoping that you will consider my points of view.
