To The Redistribution Committee

12 July 2024

Dear Committee,

I object the proposed abolishment of the North Sydney federal electorate based as it seems likely that the decision will shortly be reversed, due to the rapid local population growth.

There is obvious, deliberate and rapid increase in population, particularly along the Pacific Highway 'spine' of the electorate.

This may be accelerated due to the imminent opening of the Chatswood – CBD metro connection.

Kind regards,  
Mark Seemanpillai  
Chatswood, NSW 2067
