We are long term residents of Stonnington. The proposed redistribution ignores the existing strong community of interests that exists within the Higgins electorate. We understand the need to rebalance electorates. However the present proposal is ill-conceived. It will fragment our community in electoral terms and weaken our Federal representation. Higgins is important in the history of our Commonwealth. History is there to be remade of course but not in the presently proposed manner which is not in the best interests of there community.

The redistribution cannot just be about electorate numbers. We earnestly implore the Commission to rethink the present proposal.

Yours sincerely

Terrence and Vivienne Healy
