Submission on the proposed Tasmanian redistribution details

Category: Names

Details: It is my opinion that the name change for the division of Franklin to Tongerlongeter should not proceed. Whilst I have no objections to the redistribution proposed, the inclusion of a name change was completely unannounced in the preliminary information. I regard the change to be tokenistic and appears to have been promulgated without consultation within the electorate. I regard the removal of Sir John Frankilins name to be offensive, as during his time as Governor he served Tasmania admirably and he and his wife always looked to further all Tasmanians wellbeing. I have always regarded living and voting in an electorate with his name with pride. I also consider that chaging the name without my consultation and by people who appear not to be in the current or proposed electorate highly objectionable
