Submission on the proposed Tasmanian redistribution details

Category: Names

Details: I strongly believe the name Franklin should stay as it is. People are tired of having places renamed to names they not only cant pronounce, but without logic. When one reads about the person who is who the proposed name change is about, he isnt someone who is worthy of this. He was not an honourable person so why even consider this?
I am and so so many others in the community, are fed up with virtue signalling and things being changed to appease and distract from the real issues we have in this country. Leave Franklin as Franklin and let people just live their lives and stop buying into this nonsense of reparations and virtue signaling.
