Submission on the proposed Tasmanian redistribution details

Category: Names

Details: Before I knew about the new name suggested for Franklin, when I considered the topic, the first name that came to mind was Mathinna. I have read her story, and I think it is about time that we gave recognition to what the 'invaders' did to her. It seems very apt that her name should go to Franklin, given her connection to the Franklins, and that it seems that her life with them was far from happy. Now we take their name, and instead, use hers. I think, or hope, that such a move would be approved of by the indigenous community.
