Submission on the proposed Tasmanian redistribution details

Category: Names
Details: Expressing concern and opposition for the proposed name change of Franklin to Tongerlongeter. Not only does it sound silly. It is named after an aboriginal man who killed Australian settler women and children. Where paying homage to history is noble. We should be honouring those who help build our state and nation, not those who hampered our nation building and butchered those who tried. Changing this name will heighten political tensions and make it clear public sector is simply anti white and anti australian.
