Submission on the proposed Tasmanian redistribution details

Category: Names

Details: Gday, I want to vehemently object to the change name of Franklin to an Aboriginal based name. I believe that this name change will be the first of many that will be insidiously and stealthily introduced with the ultimate name of erasing the names of our original developers, agriculturalists etc. I also object on the grounds that the name changes we see in towns etc (Campbelltown for example) arent based in fact and written evidence but essentially handed down heresay. If your aim is to divide and conquer, to cause animosity and angst, youre going about it the right way. Cheerio.
