Names

Details:

It is an act of naked antiwhite racist hatred to name a federal seat after the war criminal Tongerlongeter. The only sources for the lies about this man's life are far-left debunked pseudohistorian Henry Reynolds. You are creating division and hatred and vilifying the ancestors of millions of Australians. Tasmania voted NO in 2023 to the vile notion of elevating one race above another. The ideological nonsense that has infected the AEC is obvious when you read the lunatic hagiography of this war criminal on your website in your explanation for hatefully erasing Frankin's name.

"For it seems that Tongerlongeter (*Note 1) was just as much a war criminal due to his alleged indiscriminate massacring of civilians - including white women and children - as he was a war hero in the eyes of the likes of Reynolds and Clements.

One of the infamous war crimes committed by the Tasmanian Aborigines, in which it is alleged that Tongerlongeter himself may have participated in, were the cold-blooded murders of Anne Geary and Mrs Gough and two of her little girls and then Mrs Langford's son, John, in two separate attacks over two weeks in October 1828, near the northern and western shores of Lake Tiberias, Tasmania"
