Submission on the proposed Tasmanian redistribution details

Category: Names

Details: I strongly object to renaming electorates without strong reasoning. Making changes for ideological reasons in my view is insufficient justification. The AEC should stick to it's core purpose. Electorates have been named - job done. Move on to other issues. This particular person you wish to rename Franklin after by all accounts was a murderer of settlers at a time when women and children were targeted by aboriginals. That is hardly something to hang your hat on and the AEC should itself be ashamed on naming an electorate after a murderer. Sir John Franklin after whom the electorate is named, however contributed greatly to Tasmania as did his wife. Both showed kindness to aboriginals when Tongerlongeter was murdering settlers. Don't do this AEC!!!
