Submission on the proposed Tasmanian redistribution details

Category: Names and Boundaries

Details: As a permanent and very happy resident of the Tasman Peninsula, Tasmania & despite not born in Tasmania, I am personally invested in all aspects of community life here; therefore wish to comment on the proposed name change to the electorate of Lyons.
* The boundary change for the creation of a more equal balance of voters is understandable & supported.
* The name change - proposed to Tongerlongeter is not supported, due to the savage history & divisiveness that it will cause. Notwithstanding the pronouncement of it!
* Tasmania does not need any more distractions to disrupt our blessed lifestyle here.
* As a Tasmanian voter, I urge the AEC to reconsider the proposed name and suggest a more neutral descriptive name that illustrates the land & waterways around the new electorate of Franklin. A Tasmanian tree, plant, bird or animal would bring joy & reflect the State values & history.
* Voters should feel that they can have a say & a right to their views.
This is my personal viewpoint on Tuesday 21 July 2026, [REDACTED]
