Submission on the proposed Tasmanian redistribution details

Category: Boundaries

Details: Why are we changing electoral names. It has worked for years as it is and for the elder generation they know exactly who and where they are voting for. Changing the electoral names will only confuse a lot of people. Why are we removing the Franklin name and choosing aboriginal names. This change is for someones advantage not sure whose but it is very wrong move and so confusing for Electors. I definately vote against this move. There is a very old saying if it isnt broken dont fix it. I really dont know who this is for or why
