Submission on the proposed Tasmanian redistribution details

Category: Names

Details: I dont want to see a change to the name of the Franklin to the new name proposed. One of my reasons is that for most people they will struggle with the pronunciation and even remembering the new name. Please dont make it confusing for most people. I am a history teacher and I didnt really know about this indigenous man. I agree with the sentiment being displayed by the AEC but after reading comments by many people there seems to be a strong voice of not wanting to change this.
