Submission on the proposed Tasmanian redistribution details

Category: Names

Details: I am opposed to any change of name for any Tasmanian electoral division. People are familiar with and respect the current names. They have been accepted, and good enough for a hundred years. There are opportunities to promote aboriginal culture and history in other ways. There is no logical nor historical connection between 20/21st. electoral divisions and the name of an aboriginal leader of the past. Dual naming was accepted for place names in Tasmania. This allowed for aboriginal re ignition without erasing names from non aboriginal history. The proposed name change is divisive, unproductive, and should not occur.
