Submission on the proposed Tasmanian redistribution details

Category: Names and Boundaries

Details: Notwithstanding the opportunity to comment/make a submission on this website, the proposed name change for Franklin is yet another covert change by stealth rather than by public agreement after wide discussion. It is not dissimilar to such actions as multiple flags, welcomes and acknowledgments, etc. In relation to the name Tongerlongeter, was it the correct interpretation or merely what an untrained linguist thought it might be? What was he called by his mother or fellow tribesmen? What do the words that make up the name mean in the original dialect? How does one differentiate between fact and fabrication in relation to poor old Tongerlongeter? I oppose the proposed name change.
