

THE FEDERAL
REDISTRIBUTION
QUEENSLAND

Submission S37

Jeff Waddell

Submission

into the proposed redistribution of

Commonwealth Electoral Divisions

in the State of Queensland

Author: Jeff Waddell

Email: [REDACTED]

Disclaimer: Whilst every effort has been made to ensure the accuracy of the data provided in this submission; there may be instances of calculation or raw data errors.

In this submission I have proposed movements of electors between Divisions, involving the splitting of SA1's and even Mesh Blocks. Proportional application of 2021 Census Data at Mesh Block and even Dwelling level, has been applied to obtain these calculations.

As the author, I in no way intend to mislead the reader if any data or calculation errors are contained herein, as I have performed all calculations in good faith.

Declaration of interest: The author is a member of a political party (Pauline Hanson's One Nation) and has contested both State and Federal elections as a candidate of that party.

Preface

The 2026 Redistribution of Queensland Divisions provides many opportunities.

It provides an opportunity to re-draw electoral boundaries, potentially re-uniting communities that may currently be split across separate Divisions due to numerical constraints.

It provides an opportunity to review the previous Redistribution, especially in relation to the projected enrolment numbers, and the accuracy or otherwise thereof, which formed the basis for the current boundaries.

It provides yet another opportunity to unite urban centres on the east coast, north of Noosa, in a single Division to the maximum extent possible.

A list of abbreviations and acronyms which may be used in this submission

ABS – Australian Bureau of Statistics

AEC - Australian Electoral Commission

ASGS - Australian Statistical Geography Standard

CED – Commonwealth Electoral Division

ECQ – Electoral Commission, Queensland

LGA - Local Government Area: Aboriginal Shire, City Council, Regional Council, Shire, etc.

SA (SA1, SA2, SA3, SA4) - Statistical Areas used by the ABS: SA1 being the smallest and SA4 being the largest state-based Statistical Area.

SED – State Electoral District

N, S, E, W, NE, SE, NW, SW, etc. – Compass Points: North, South, East, West, North-East, etc.

Data Sources & References

To assist in the preparation of this document, I referenced information from the following web sites:

ABS Maps: <https://maps.abs.gov.au/index.html>

Electoral Commission Queensland <https://www.ecq.qld.gov.au/> 2026 Queensland State Redistribution information

Online Locality; LGA; CED; ABS SA & Mesh Block boundary information: Queensland Globe <https://qldglobe.information.qld.gov.au/>

I have used Queensland Globe as my single source of truth for SA, Locality, LGA and CED boundaries.

Revisiting the 2016-17 Redistribution

Those familiar with my submissions know that this is an area I place enormous focus on.

I have seen enough Redistributions, to know that the use of projected enrolment numbers, to form the basis of new electoral boundaries, is a FLAWED process.

It needs to be abandoned.

Yet again, the 2017 Projections for Queensland, have proven to be just as flawed as many others.

The table below tells the full story.

Division	Actual 6/1/2017	Projected 27/9/2021	Actual 30/9/2021	Proj Growth	Actual Growth	Discrepancy
BLAIR	104,206	111,948	123,103	7,742	18,897	11,155
BONNER	100,770	107,808	108,095	7,038	7,325	287
BOWMAN	104,241	109,932	114,405	5,691	10,164	4,473
BRISBANE	105,439	112,500	122,475	7,061	17,036	9,975

RYAN	102,994	109,568	109,416	6,574	6,422	-152
WIDE BAY	102,737	107,139	113,269	4,402	10,532	6,130
WRIGHT	102,234	109,551	120,530	7,317	18,296	10,979
Totals	3,096,104	3,303,733	3,438,483	207,629	342,379	134,750
Avg.	103,203.47	110,124.43	114,616.10	6,920.97	11,412.63	4,491.67

The first piece of information that should have set off alarm bells was the projected growth figures for each Division.

With rapid growth already occurring in the Moreton Bay, Gold Coast, Logan, Ipswich, Sunshine Coast and Inner Brisbane areas, the projected growth numbers for Divisions incorporating these areas should have been higher.

Yet the largest projected growth was 9,309 in Rankin whilst the lowest was 4,402 in Wide Bay!

Actual largest growth was 21,489 in Fadden and lowest was 4,216 in Maranoa.

Rankin also had the greatest negative discrepancy from actual with 4,771 electors less than projected, whilst Fadden had 14,390 more electors than projected.

18 of 30 Divisions **FAILED** to be within +/-3.5% of average divisional enrolment at the Projected Date as per the legislation.

The electoral growth of the entire state was projected to be 207,629 electors; actual was 342,379: 134,750 electors more than projected. This equates to an under estimate of projected growth of around 65%.

Has anyone been asked to “Please explain”?

Creating Divisional boundaries based on projected enrolment numbers DOESN'T WORK! I rest my case.

General principles

As noted in the preface, communities of interest, represented by LGA's should be contained within one Division, especially away from the urbanised SE of the State.

Divisional boundaries should align with LGA, Locality and/or SA boundaries where practicable.

Currently, there are a number of examples of existing boundaries where this is not the case. This submission attempts to identify all these divergences and proposes to adjust Divisional boundaries accordingly.

Exceptions, where the current Divisional boundary appears to be more logical or easier to visualise than an SA, Locality or LGA boundary will not be addressed.

Images of proposed boundary changes

The images that illustrate the proposed boundary changes made in this submission and should be considered in conjunction with the table of transfers and the description of changes under each Divisional assessment.

The scale of some maps doesn't allow for accurate plotting of proposed boundaries and should be considered as indicative only.

These images are sourced from ABS Maps, AEC Divisional maps and Queensland Globe.

They are listed in the alphabetical sequence of first affected division, second affected division, etc.

C = Current Division; P = Proposed Division

For ABS Maps images, blue = existing boundary; pink = proposed boundary

For AEC images, black or pink = proposed boundary

Note: ABS Maps does not accurately reflect a Divisional boundary split between Mesh Blocks. This should be considered when viewing the below images.

The proposed Divisions

Blair

Queensland's, and Australia's, highest enrolled Division is a combination of greater urban Ipswich, the more rural west of the Ipswich LGA and the Somerset LGA.

In order to strengthen this Division's community of interest around the more built-up greater Ipswich, in addition to factoring in the ongoing urban developments in the Ripley – Redbank – Springfield areas; the more rural north and west of the current Division are transferred to Wright.

Specifically, the Somerset LGA, the Rosewood SA2 and the balance of the locality of Purga from within the Ripley SA2.

In addition, the Karana Downs SA2 is transferred back to Ryan.

To the east, Blair gains more of urban Ipswich LGA by acquiring the balance of the Collingwood Park – Redbank and Redbank Plains SA2's from Oxley. Further south, its awkward boundary through Augustine Heights and Brookwater is re-aligned to the Augustine Heights – Brookwater SA2 boundary along the Centenary Hwy, and following the Augustine Heights locality/SA2 boundary north along Woogarook Creek, then west along the Augustine Heights locality boundary to the existing boundary.

Table of transfers: Blair

Division	Component	Current	Projected
Blair		148,790	157,342
From Oxley	Collingwood Park - Redbank SA2 balance	4,630	5,069
From Oxley	Redbank Plains SA2 balance	4,629	4,875
To Oxley	Augustine Heights - Brookwater SA2 balance	-171	-187
To Ryan	Karana Downs SA2 all	-4,610	-4,643
To Wright	Boonah SA1 721 part - Scenic Rim LGA	-3	-3
To Wright	Esk SA2 all	-4,490	-4,611
To Wright	Kilcoy SA2 all	-4,474	-4,602
To Wright	Lockyer Valley - East SA1 016 balance - Somerset LGA	-5	-5
To Wright	Lowood SA2 all	-11,733	-12,169
To Wright	Ripley SA1 434 part - locality of Purga	-75	-95
To Wright	Rosewood SA2 all	-11,284	-11,810
New Total		121,204	129,161
Variation		-4.76%	-2.54%

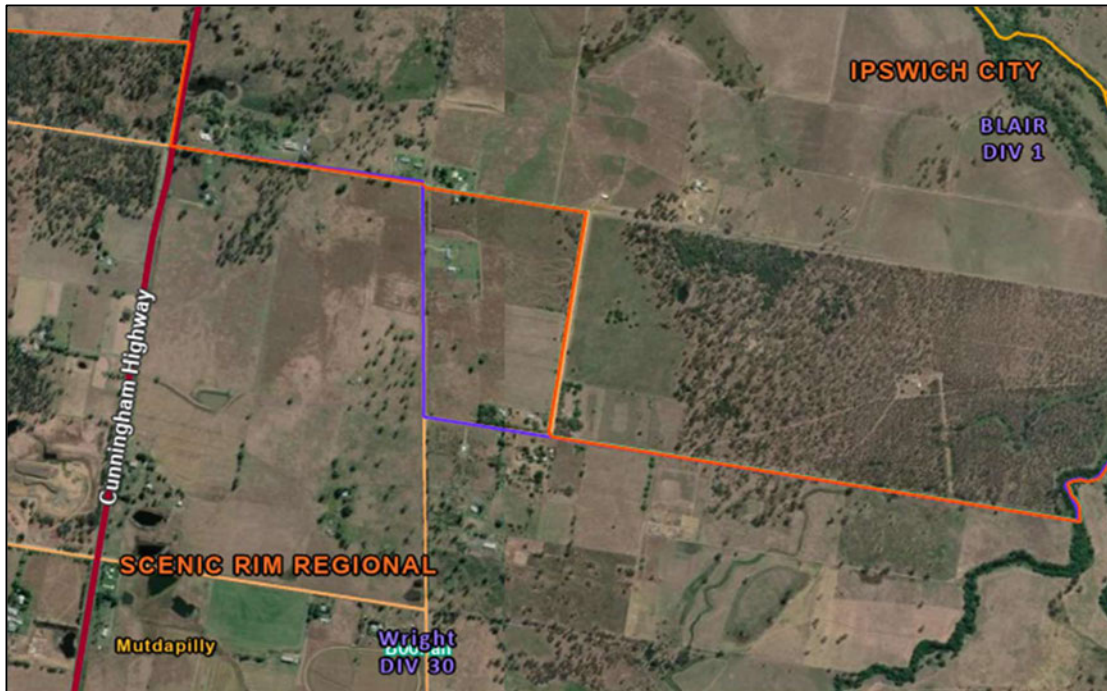

Blair-Ryan-Wright (Blair→Ryan; Blair→Wright)

Blair-Oxley (Blair → Oxley; Oxley → Blair)

Blair-Wright (Blair→Wright)

Balance of Boonah SA1 31002127721 transferred to Wright

Bonner

Requiring a significant gain of electors to return to tolerance, I propose to retain Bonner's community of interest east of the M1 by expanding this Division southwards.

Specifically, acquiring the SA2's of Rochedale South – Priestdale and Springwood from the current Division of Rankin.

Another reason for expanding Bonner south, is the reduction of any flow-on effects into the adjoining Bowman and Griffith, and ultimately into Moreton.

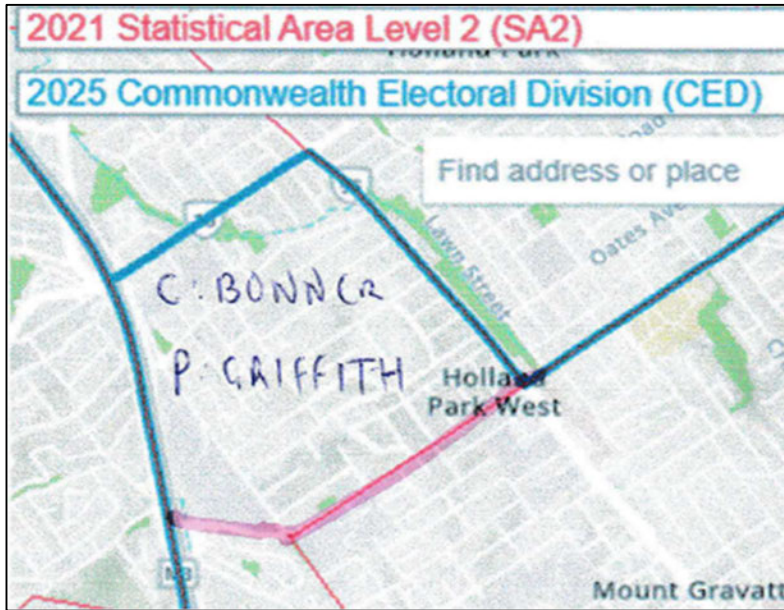

I also propose a slight change to the boundary with Griffith in Holland Park West; continuing SW along Nursery Rd to Gaza Rd and then to the M1, with the part of Holland Park West NW of that boundary transferring to Griffith.

Table of transfers: Bonner

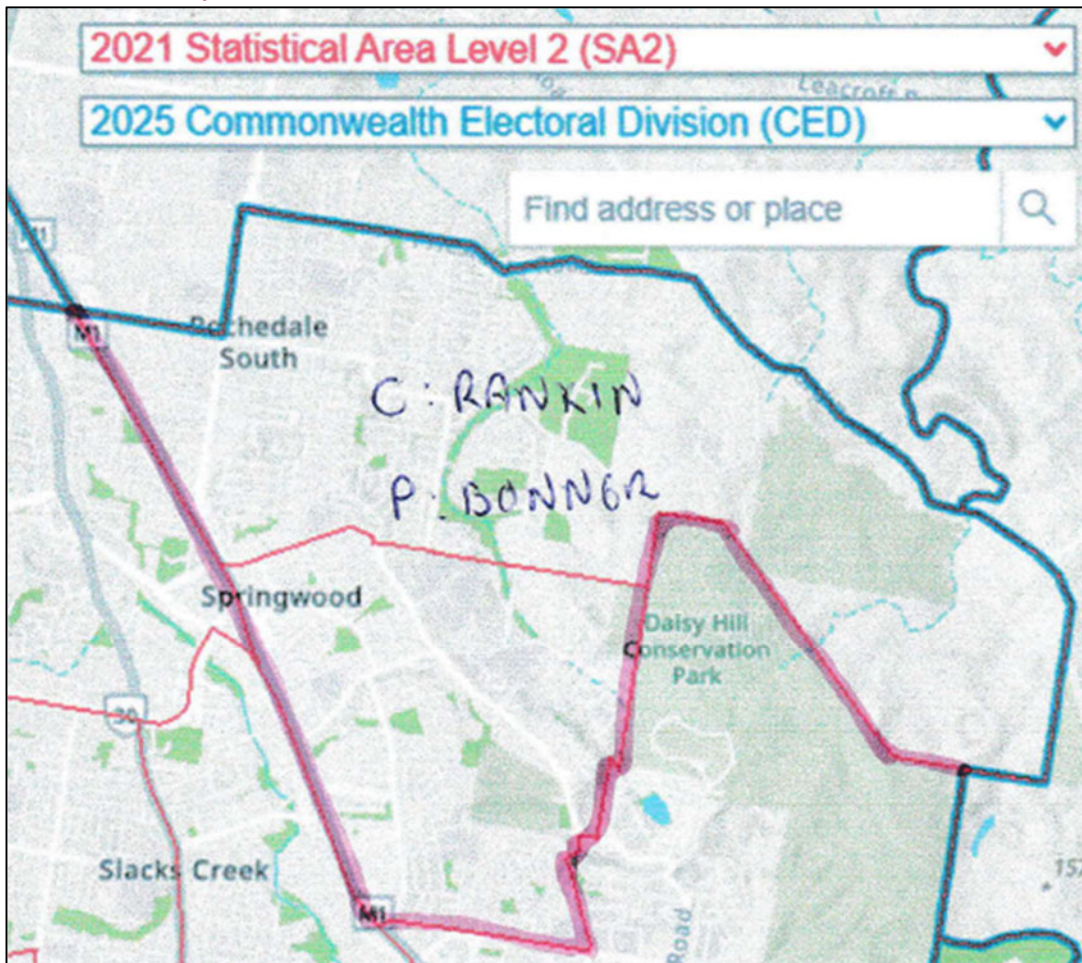

Division	Component	Current	Projected
Bonner		114,688	117,450
From Rankin	Rochedale South - Priestdale SA2 all	10,847	10,928
From Rankin	Springwood SA2 all	6,966	7,215
To Griffith	Holland Park West SA2 part - NW of Nursery & N of Gaza Rd's	-2,665	-2,691
New Total		129,836	132,902
Variation		2.03%	0.28%

Boundary Changes: Bonner

Bonner-Griffith (Bonner → Griffith)

Bonner-Rankin (Rankin → Bonner)

Bowman

Bowman has contained just the electors of Redland City LGA for many years. With a 25-month projection date instead of the normal 4.5 years; projections allow that boundary to remain unchanged.

Table of transfers: Bowman

Division	Component	Current	Projected
Bowman		126,194	129,421
	No Change		
New Total		126,194	129,421
Variation		-0.84%	-2.34%

Boundary Changes: Bowman

Nil

Brisbane

Brisbane is affected by having to supplement much of Ryan's enrolment shortfall.

This creates an opportunity to remove that awkward part of the existing Brisbane-Ryan boundary through Ashgrove adjacent to Enoggera Ck.

Instead, in its west, from the existing Brisbane-Ryan boundary, at the southern end of Wardell St, Ashgrove; the new boundary turns SE aligning with Stewart and Waterworks Rd's into Red Hill. Turning SSW along Enoggera Tce. W into Kennedy Tce, S along Terrace St, briefly SW along Latrobe Tce, S along Alma St, SE along Fernberg Rd, then, SW along Haig Rd to the existing boundary.

To offset those losses, Brisbane makes some gains from Lilley around Everton Park and Stafford.

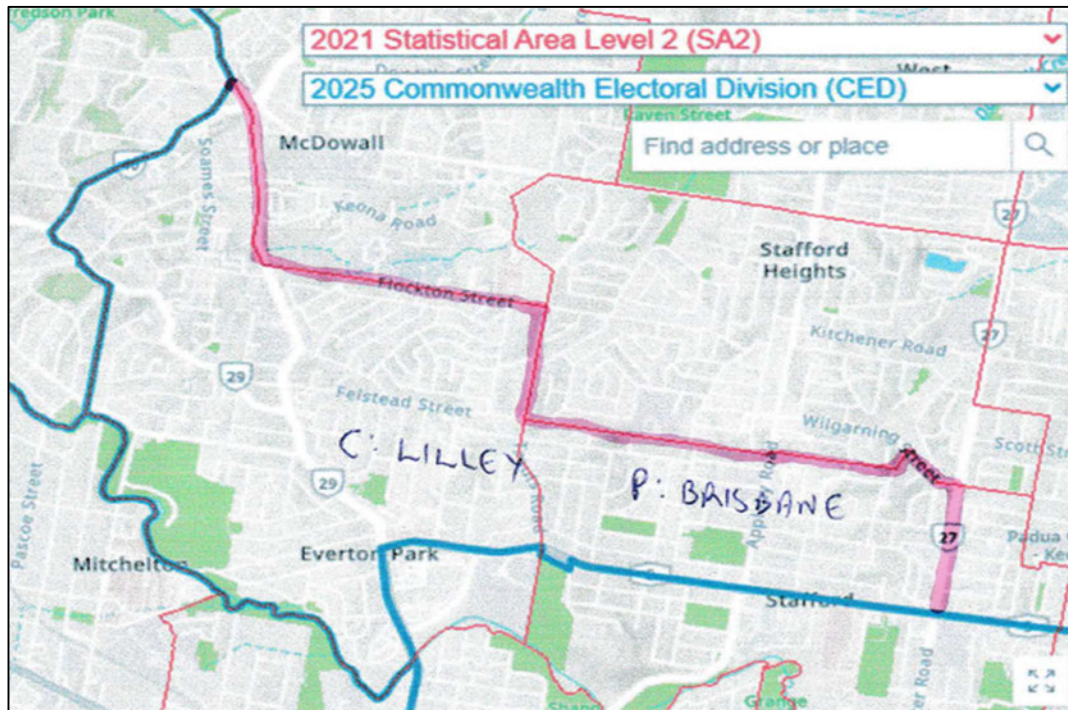

Specifically, Brisbane gains the balance of the Everton Park SA2 from Lilley as well as the balance of the Stafford SA2 boundary as far east as Webster Rd, then S along Webster Rd to Stafford Rd and the existing boundary with Lilley.

Table of transfers: Brisbane

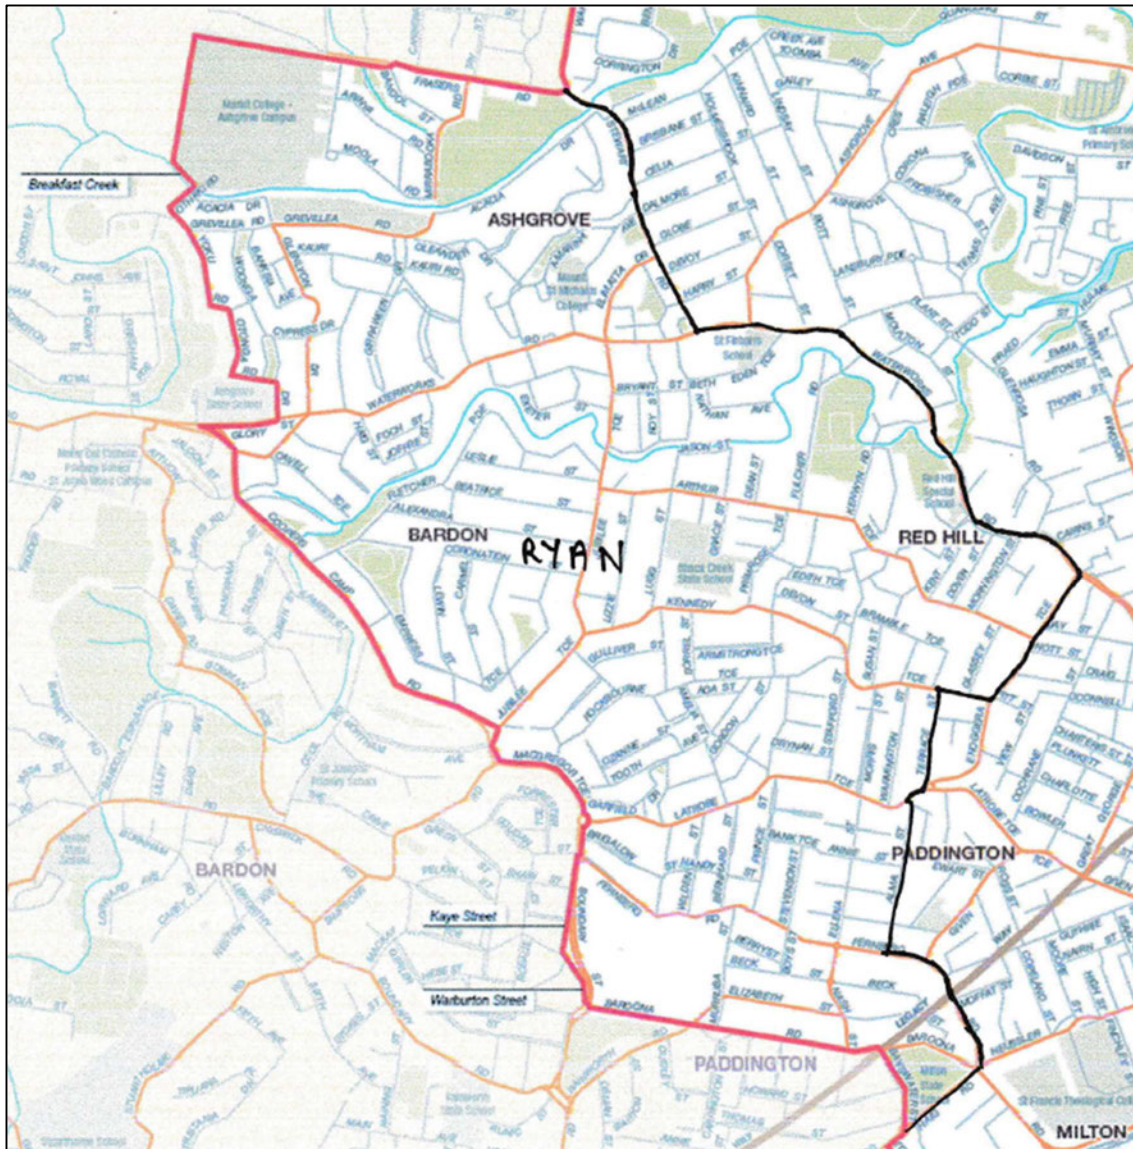

Division	Component	Current	Projected
Brisbane		127,658	133,341
From Lilley	Everton Park SA2 balance	7,800	8,049
From Lilley	Stafford SA2 part - W of Webster Rd	2,725	2,741
To Ryan	Ashgrove SA2 part - SW of Stewart & Waterworks Rd's	-3,462	-3,583
To Ryan	Bardon SA2 balance	-1,724	-1,740
To Ryan	Paddington - Milton SA2 part - W of Terrace & Alma St's; Fernberg & Haig Rd's	-3,807	-3,921
To Ryan	Red Hill SA2 part - SW of Waterworks/Musgrave Rd & W of Enoggera Tce	-1,938	-2,011
New Total		127,252	132,876
Variation		-0.01%	0.26%

Boundary Changes: Brisbane

Brisbane-Lilley (Lilley → Brisbane)

Brisbane-Ryan (Brisbane → Ryan)

Capricornia

Needing to gain a significant number of electors, proposed changes to Capricornia are influenced by:

1. Shortfall in projected enrolments to the Division of Dawson to the north
2. Shortfall in projected enrolments in Capricornia
3. Downstream impact of surplus electors from Moreton Bay and Sunshine Coast Divisions
4. Fragmented community of interest of current Division. IE containing parts of both urban Mackay and urban Rockhampton

This proposal transfers the electors in the Mackay and Whitsunday LGA's to Dawson; adds the Central Highlands and Woorabinda LGA's from Flynn in their entirety. In addition, the balance of the Rockhampton LGA is also transferred from Flynn into Capricornia.

This proposed version of Capricornia contains the electors of the Central Highlands, Isaac, Livingstone, Rockhampton & Woorabinda LGA's only.

Table of transfers: Capricornia

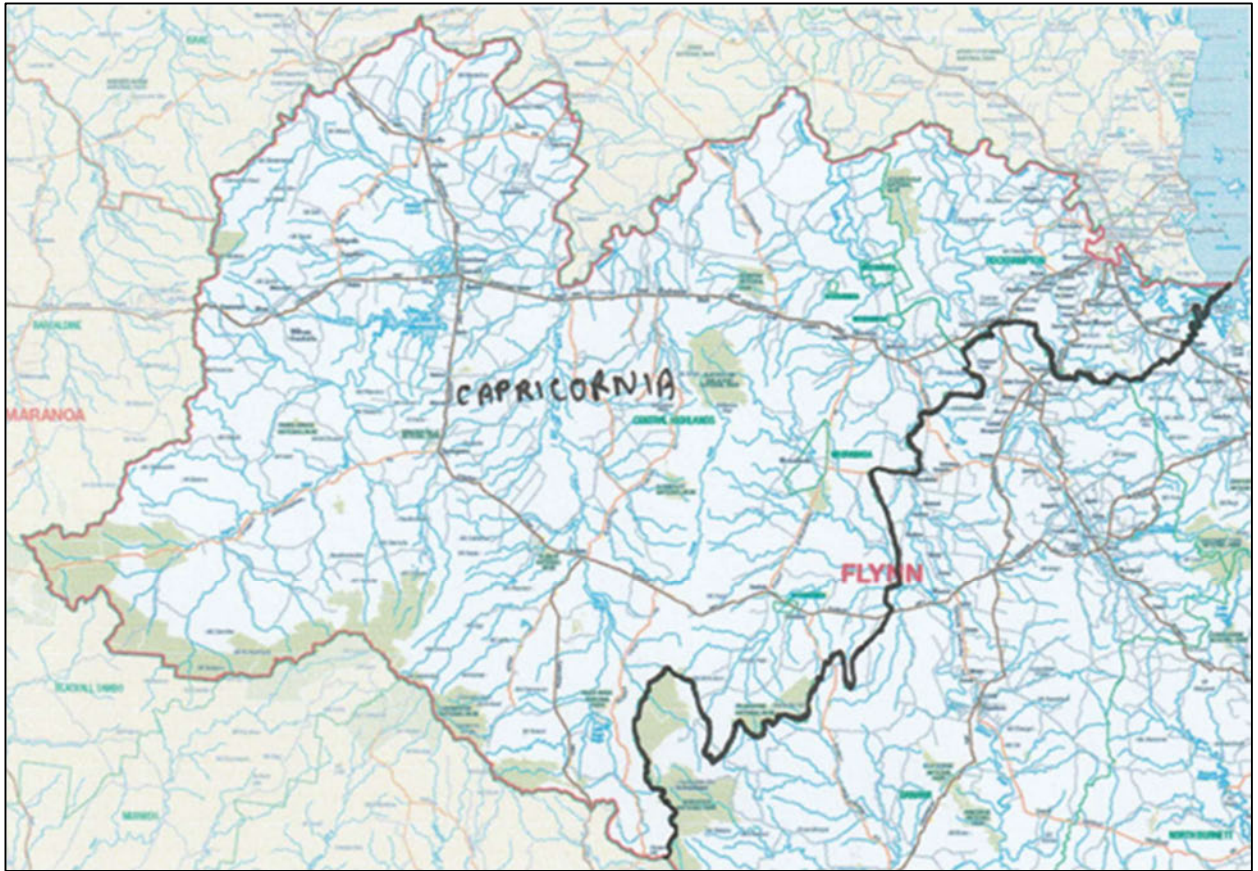

Division	Component	Current	Projected
Capricornia		117,317	121,630
From Flynn	Bouldercombe SA2 all	1,576	1,620
From Flynn	Central Highlands - East SA2 all	4,623	4,829
From Flynn	Central Highlands - West SA2 balance	5,178	5,225
From Flynn	Emerald SA2 all	9,043	9,324
From Flynn	Gracemere SA2 all	8,948	9,427
From Flynn	Mount Morgan SA2 all	2,533	2,596
From Flynn	Rockhampton City SA2 balance	96	93
From Flynn	Rockhampton Surrounds - West SA2 all	2,399	2,429
To Dawson	Collinsville SA2 balance	-1,588	-1,635
To Dawson	Eungella Hinterland SA2 balance	-7	-7
To Dawson	Ooralea - Bakers Creek SA2 balance	-4,013	-4,277
To Dawson	Pioneer Valley SA2 all	-6,389	-6,687
To Dawson	Sarina SA2 all	-9,493	-9,779
To Dawson	Seaforth - Calen SA2 balance	0	0
To Dawson	Walkerston - Eton SA2 all	-6,452	-6,572
New Total		123,771	128,216
Variation		-2.74%	-3.25%

Boundary Changes: Capricornia

Capricornia-Dawson (Capricornia → Dawson)

Capricornia-Flynn (Flynn → Capricornia)

Dawson

Also needing to gain electors, Dawson gains the balance of Mackay and Whitsunday LGA's from Capricornia.

This allows electors currently in the Townsville LGA to be released to Herbert and Kennedy.

As a part of ensuring entire LGA's are placed in a single Division where possible, this submission unites the Burdekin LGA in Dawson, with the part of the Burdekin LGA currently in Kennedy transferred to Dawson

Effectively, Dawson now only contains the electors from the Burdekin, Mackay and Whitsunday LGA's with the Divisional boundary aligning with external LGA boundaries.

Table of transfers: Dawson

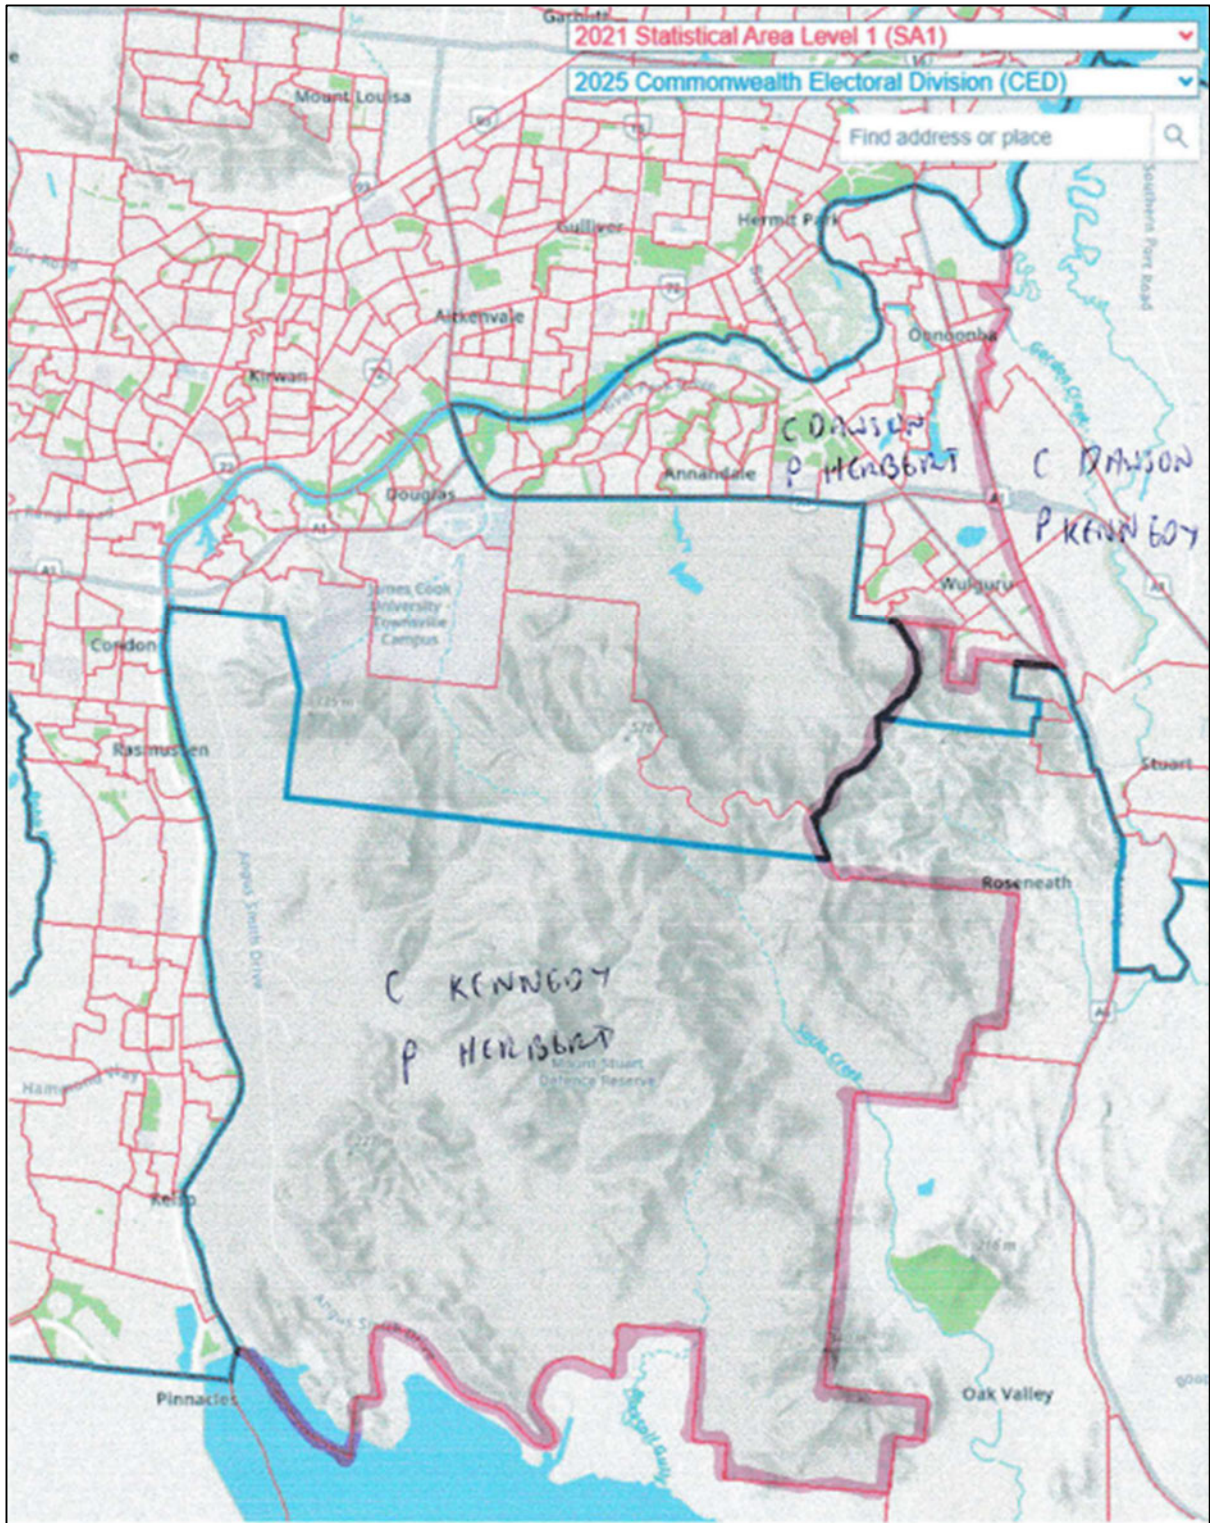

Division	Component	Current	Projected
Dawson		117,964	122,150
From Capricornia	Collinsville SA2 balance	1,588	1,635
From Capricornia	Eungella Hinterland SA2 balance	7	7
From Capricornia	Ooralea - Bakers Creek SA2 balance	4,013	4,277
From Capricornia	Pioneer Valley SA2 all	6,389	6,687
From Capricornia	Sarina SA2 all	9,493	9,779
From Capricornia	Seaforth - Calen SA2 balance	0	0
From Capricornia	Walkerston - Eton SA2 all	6,452	6,572
From Kennedy	Burdekin SA2 balance	132	133
To Herbert	Annandale (Qld) SA2 balance	-5,811	-5,946
To Herbert	Mundingburra SA2 balance	0	0
To Herbert	Oonoonba SA2 part - locality of Oonoonba	-4,588	-4,921
To Herbert	Wulguru - Roseneath SA2 part - Locality of Wulguru	-3,428	-3,441
To Kennedy	Oonoonba SA1 713 - locality of Cluden	-341	-355
To Kennedy	Townsville - South SA2 part - Townsville LGA	-2,563	-2,671
To Kennedy	Wulguru - Roseneath SA2 part - All exc. locality of Wulguru	-273	-279
New Total		129,034	133,627
Variation		1.40%	0.83%

Boundary Changes: Dawson

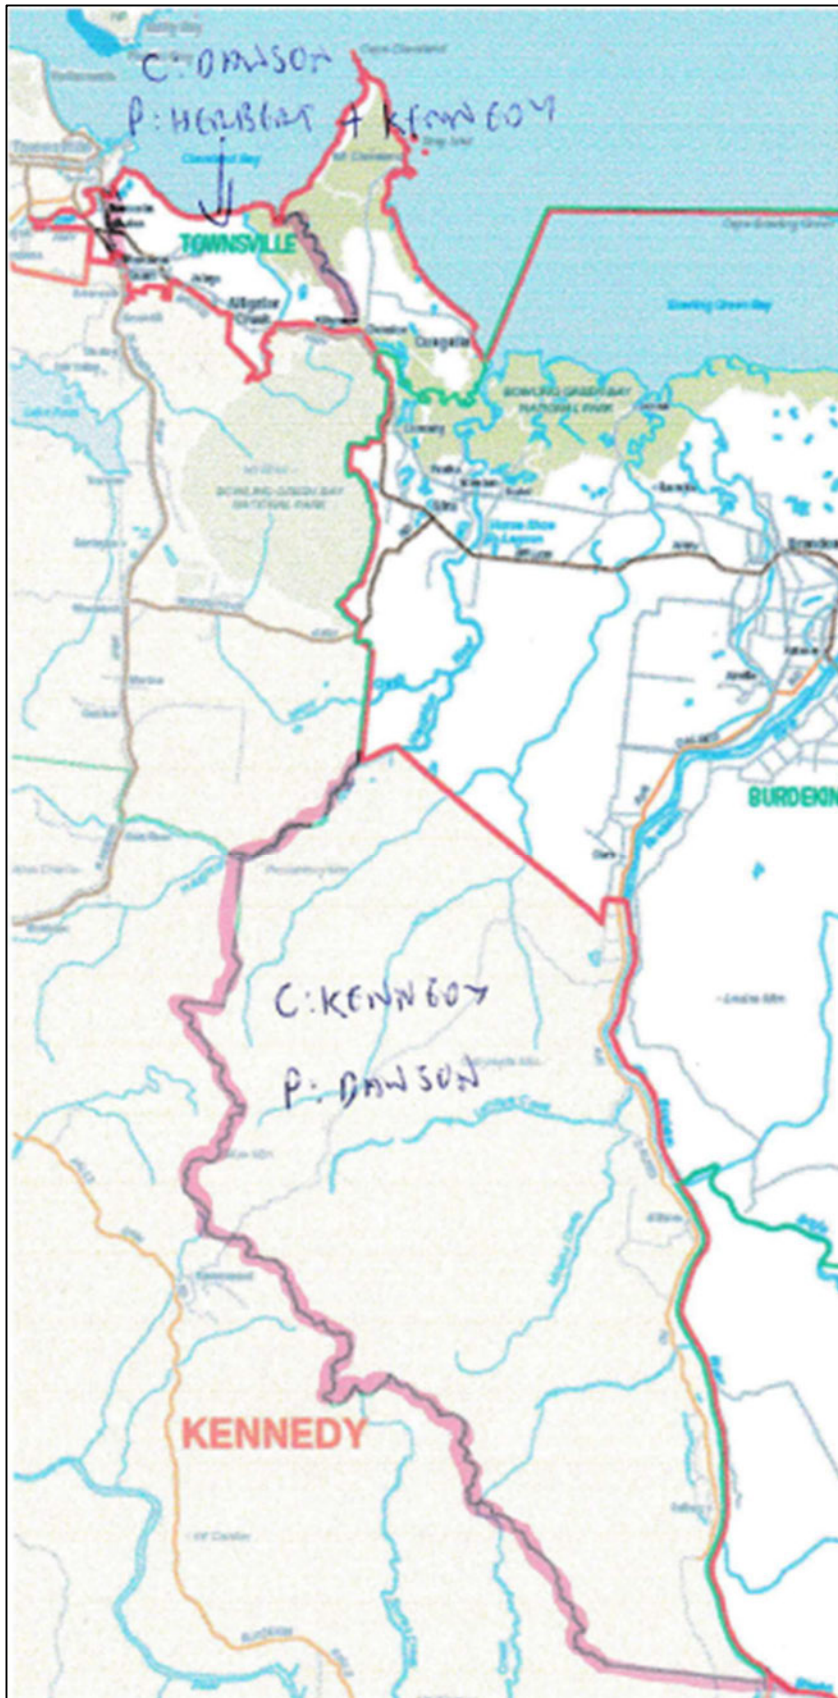

Capricornia-Dawson

See Capricornia

Dawson-Herbert-Kennedy 1 (Dawson → Herbert; Dawson → Kennedy; Kennedy → Herbert)

Dawson-Herbert-Kennedy 2 (Dawson → Herbert & Kennedy; Kennedy → Dawson)

Dickson

Dickson transfers its Brisbane LGA electors to Lilley, effectively realigning that part of its Divisional boundary with the Moreton Bay LGA boundary.

It gains some electors from the over-enrolled Longman by acquiring the balance of the Kallangur SA2 in addition to the entire Dakabin SA2. Effectively, continuing its eastern boundary further NNW along the Bruce Hwy all the way to Boundary Rd.

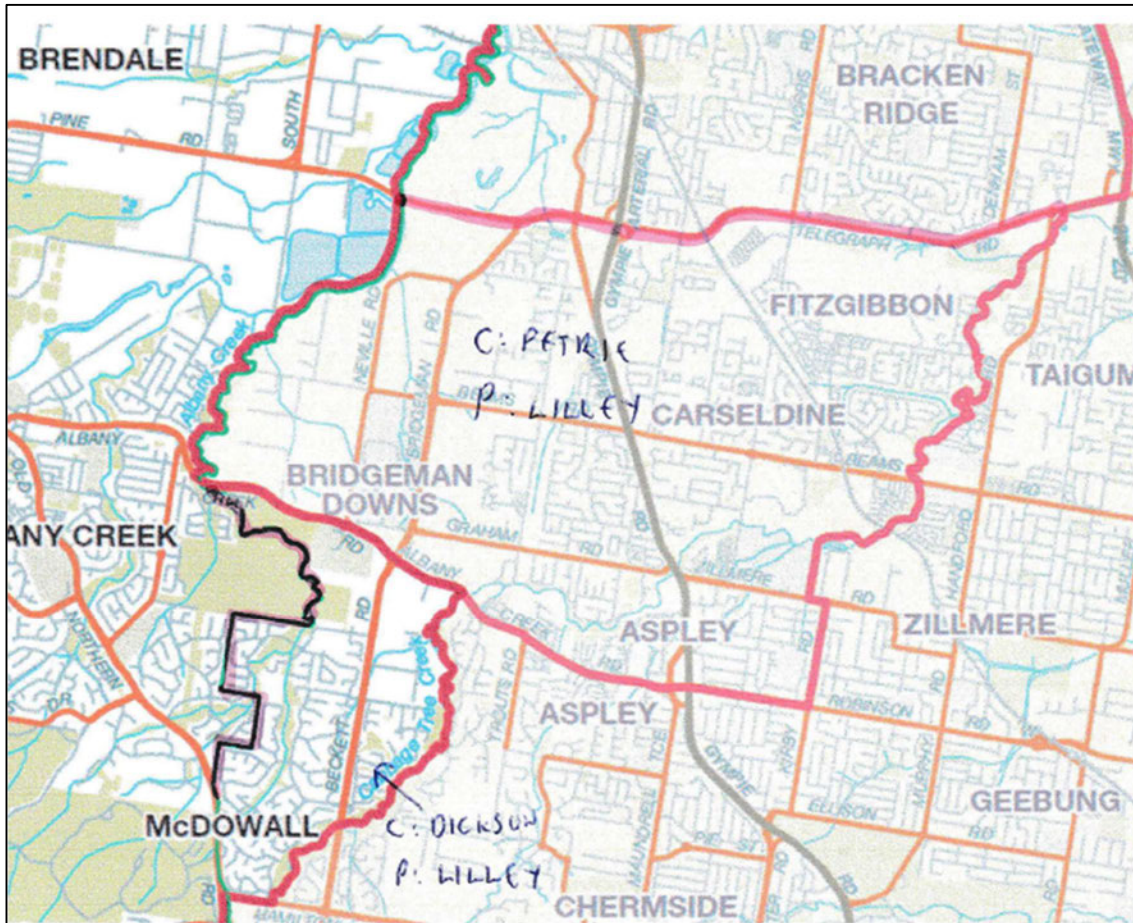

This, somewhat, cleans up Longman's awkward southern peninsula.

Table of transfers: Dickson

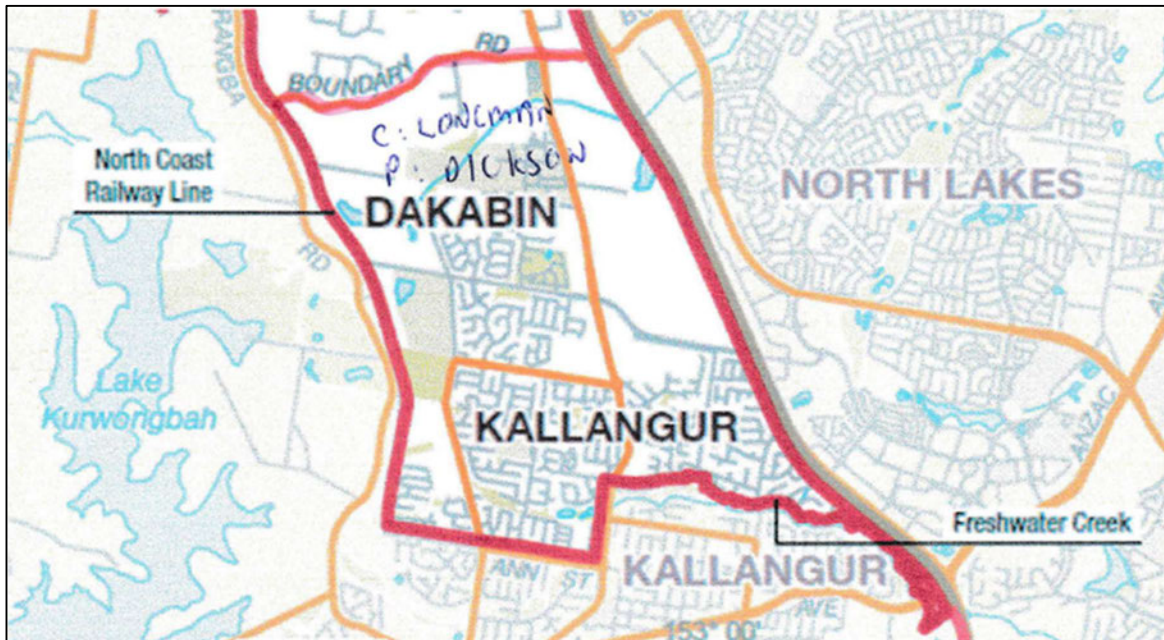

Division	Component	Current	Projected
Dickson		121,147	124,841
From Longman	Dakabin SA2 all	3,520	3,762
From Longman	Kallangur SA2 balance	6,333	6,621
From Longman	Murrumba Downs - Griffin SA1 918 - balance	0	0
To Lilley	Bridgeman Downs SA2 balance	-3,482	-3,631
To Lilley	McDowall SA2 balance	-1,055	-1,087
New Total		126,463	130,506
Variation		-0.63%	-1.52%

Boundary Changes: Dickson

Dickson-Lilley-Petrie (Dickson → Lilley & Petrie → Lilley)

Dickson-Longman (Longman → Dickson)

Fadden

In my submission to the 2017 Redistribution, I wrote the words below in blue italics. Those words remain as relevant today as they were 9 years ago.

“This Redistribution also presented an opportunity to re-align Wright's erratic eastern boundary with the Gold Coast Divisions of McPherson, Moncrieff, Fadden and Forde. In analysing Wright's current boundaries, I struggle to find any community of interest between electors in parts of Nerang with electors of the Lockyer Valley, yet the 2009 Redistribution cobbled together these unlikely bed-fellows into the same Division. Wright could either contain electors within the Gold Coast LGA OR Lockyer Valley LGA, but not both in the same Division.”

“The Gold Coast LGA has sufficient electors for 3 whole Divisions and part of a 4th. Wright makes up an unnecessary 5th Division...”

It should be noted that only three significant “means of communication and travel” between the Gold Coast and Scenic Rim LGA’s exist. Beechmont Rd, W of Advancetown Lake, the Beaudesert – Nerang Rd which crosses the LGA boundary around 8Km further north & the Tamborine – Oxenford Rd.

At State level, the LGA boundary continues to align with SED boundaries, with the State recognising the separate communities of interest either side of this LGA boundary.

With Fadden, Forde and Wright all significantly over-enrolled, major boundary changes are unavoidable. The opportunity to unite Gold Coast hinterland localities in as few Gold Coast divisions as possible should be one of the primary objectives of this redistribution.

Fadden moves SW, taking much of the balance of the Gold Coast LGA from Wright, except for most of the Mudgeeraba – Bonogin SA2 which is moving to McPherson. The Guanaba locality boundary, Coomera River and Oxenford locality boundary become Fadden’s new northern boundary west of the existing boundary where the Tamborine – Oxenford Rd crosses the Coomera River.

Further east, Fadden’s new northern boundary continues to follow the Coomera River (North Branch) and Hope Island SA2 boundary to the Pacific Ocean.

This move also involves an exchange of electors with Moncrieff to strengthen that Division’s community of interest around the eastern Gold Coast.

Table of transfers: Fadden

Fairfax

Changes to Fairfax are a downstream impact of the projected surplus enrolments from Fisher, Longman and Petrie, in addition to Fairfax's own surplus projection.

Fairfax dramatically shrinks in area, strengthening its community of interest around the central eastern Sunshine Coast.

Gains from Fisher are as follows: From the existing boundary at the intersection of the Bruce Hwy & Sunshine Mwy, Fairfax's new boundary continues S to the Mooloolah River; NE along the Mooloolah River to the existing boundary at Kawana Way.

Diverging from the existing boundary again at Nicklin Way, turning SE and aligning with the Buddina - Minyama SA2 boundary to the Coral Sea.

Its generally less urbanised north and west are surplus to requirements and transferred to Wide Bay.

Specifically, the Maroochy Hinterland, Eumundi – Yandina, Coolum Beach, Peregrine Springs and balance of the Noosa Hinterland SA2's are transferred to Wide Bay.

Though not factored in, some small adjustments to align any new Divisional boundary with locality boundaries rather than SA2 boundaries (where there is a divergence) may improve communities of interest in some instances.

A final, small adjustment to the Fairfax-Fisher boundary, to align the Divisional boundary with the Flaxton-Hunchy locality boundary involving no elector movement is proposed.

Table of transfers: Fairfax

Division	Component	Current	Projected

Fairfax-Fisher-Wide Bay (Fairfax→Wide Bay; Fisher→Wide Bay)

Fisher

Changes to Fisher are a downstream impact of the projected surplus enrolments from Longman and Petrie, in addition to Fisher's own surplus projection.

The addition of the Woodford - D'Aguilar SA2 from Longman, is a natural fit with the parts of the Sunshine Coast Hinterland already in Fisher.

Offsetting these gains is the transfer of electors north of the Mooloolah River and east of the Bruce Hwy to Fairfax. The localities of Buddina and Minyama, on the south bank of the Mooloolah River are also transferred to Fairfax.

Further west, the locality of Kidaman Creek is currently split between Fairfax and Fisher. This proposal unites that locality in Wide Bay.

Table of transfers: Fisher

Division	Component	Current	Projected
Fisher		143,823	153,731
From Fairfax	Palmwoods SA1 418 balance - balance of locality of Hunchy	0	0

Flynn

Flynn loses around 25% of its current electors to Capricornia from the Central Highlands, Rockhampton and Woorabinda LGA's.

With some presence already in both the Bundaberg and South Burnett LGA's, the proposal is to extend Flynn's presence in both.

In Bundaberg LGA, Flynn crosses the Burnett River, taking the majority of greater urban Bundaberg from Hinkler.

Whilst the dividing of Bundaberg is unavoidable, I would remind the committee the current boundaries divide Cairns, Townsville, Mackay and Rockhampton to varying extents. This submission addresses all four of those partitions to the maximum extent possible.

The new boundary runs from the Burnett River; McCoys Creek; Michel Lane, Avoca; Avoca Rd, Dittman Rd, Twyford St, Takalvan St; Svensson Heights, Norville & Avenell Heights locality boundaries; McCarthy Rd; Ashfield & Kalkie locality boundaries, back to the Burnett River.

From Wide Bay, Flynn acquires the Cherbourg Aboriginal Shire and the balance of South Burnett LGA.

From Maranoa, Flynn acquires the balance of the locality of Durong; the localities of Gordonbrook; Kingaroy; Taabinga; Coolbunia; Hodgeleigh; Booie; Glan Devon; Runnymede & all localities north.

Table of transfers: Flynn

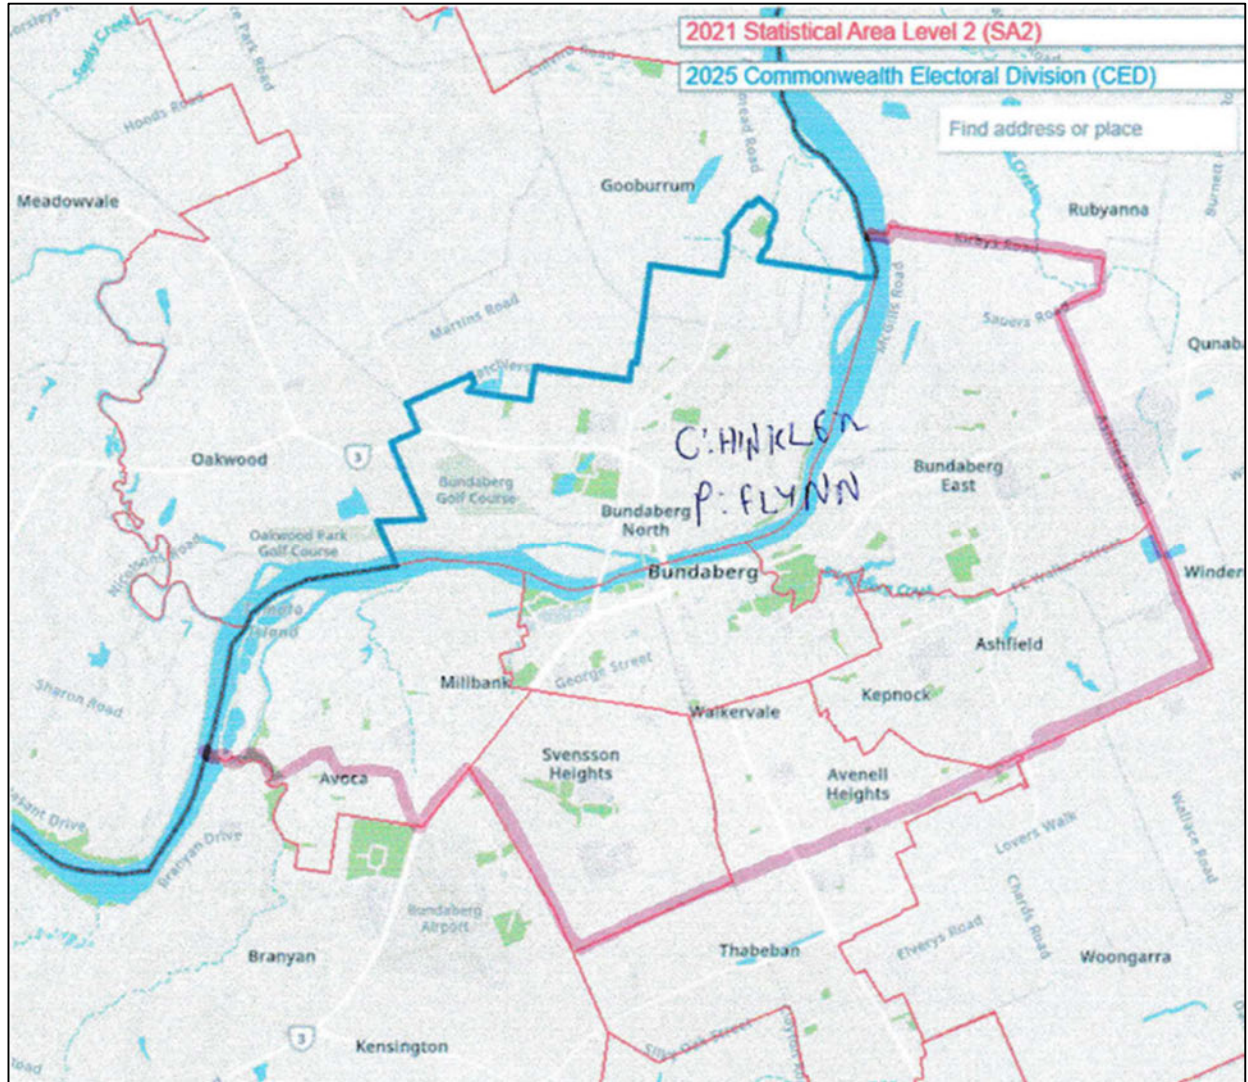

Division	Component	Current	Projected
Flynn		120,310	124,442
From Hinkler	Ashfield - Kepnock SA2 all	4,118	4,271

Forde

Forde was already projected to need to transfer electors to other Divisions. Compounding that is the surplus electors from adjoining Fadden which were transferred into Forde first.

Ultimately, Forde is proposed to transfer some 40% of its current enrolment to Rankin.

West of the M1, the Logan River becomes Forde's new boundary.

East of the M1, the boundary briefly follows the Logan River N to Chantilly Park, Cornubia; then NNE along the line of Gables Rd, W along the Beenleigh Redland Bay Rd and N along the Cornubia – Shailer Park locality boundary to the Redland Bay LGA boundary.

Table of transfers: Forde

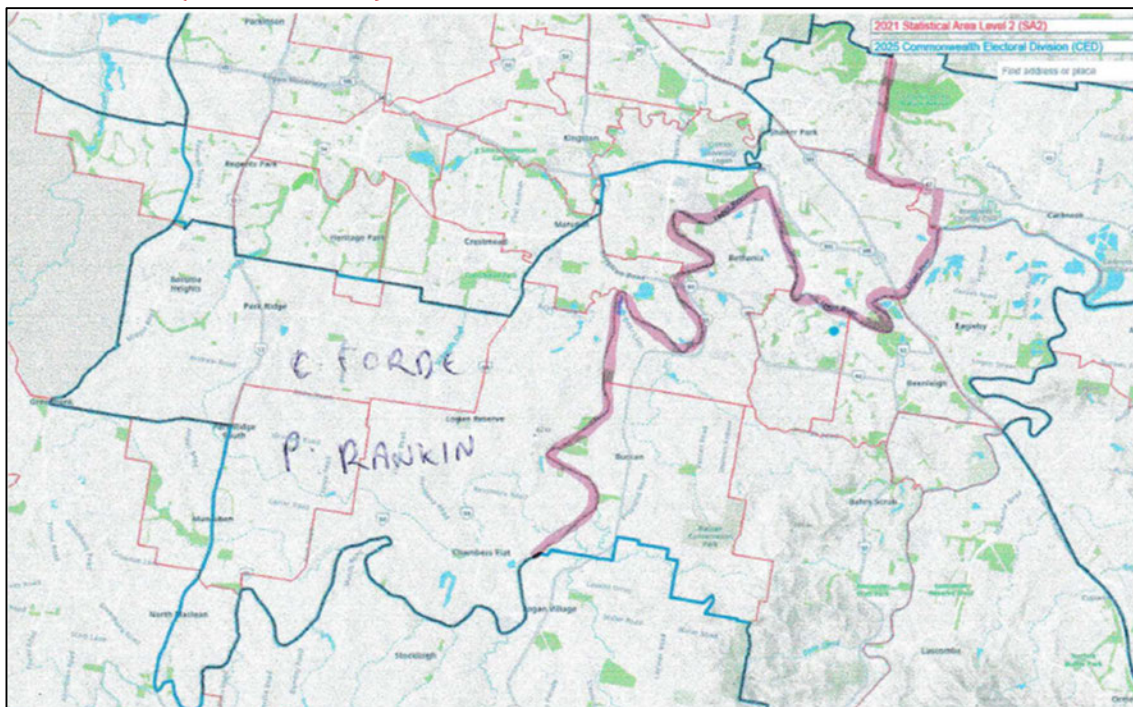

Division	Component	Current	Projected
Forde		139,963	149,098
From Fadden	Coomera SA2 - all	12,584	14,137

Griffith

As noted under the Bonner assessment, I propose a slight change to the boundary between Bonner and Griffith in Holland Park West; continuing SW along Nursery Rd to Gaza Rd and then to the M1, with the part of Holland Park West NW of that boundary transferring to Griffith.

Table of transfers: Griffith

Division	Component	Current	Projected
Griffith		123,782	129,371
From Bonner	Holland Park West SA2 part - NW of Nursery & N of Gaza Rd's	2,665	2,691
New Total		126,447	132,062
Variation		-0.64%	-0.35%

Boundary Changes: Griffith

Bonner-Griffith

See Bonner

Groom

The first consideration for Groom was to ensure enough electors flowed west to Maranoa, to cover that Division's shortfall in projected enrolments in addition to Groom's shortfall.

This proposal keeps Toowoomba as Groom's primary centre, but transfers the entire Lockyer Valley LGA from Wright to Groom.

This massive addition of electors allows for much of rural Toowoomba Regional LGA to be transferred to Maranoa.

The proposed boundary within the Toowoomba Regional LGA aligns with the SA2 boundaries of Highfields, Toowoomba – West, Drayton – Harristown & Darling Heights.

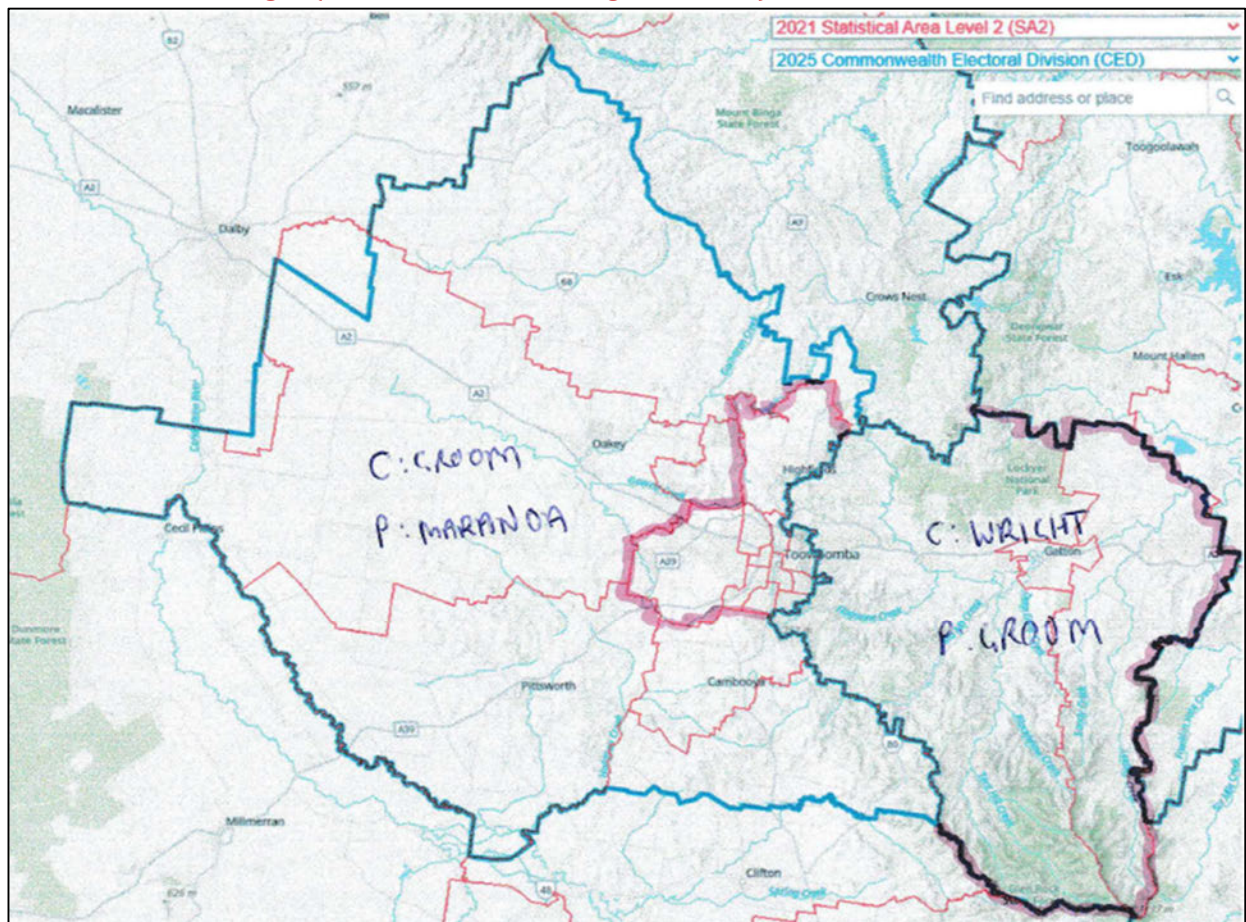

This proposal also eliminates that awful Groom-Maranoa boundary within the Crows Nest – Rosalie SA2, dividing the localities of Rangemore, Upper Cooyar Creek, Wutul, Nutgrove, Haden, Bergen, Plainby, Douglas, Groomsville, Pechey & Hampton.

Table of transfers: Groom

Division	Component	Current	Projected
Groom		121,529	126,667

Boundary Changes: Groom

Groom-Maranoa-Wright (Groom → Maranoa; Wright → Groom)

Herbert

Greater urban Townsville is currently divided between the Divisions of Dawson and Herbert with Kennedy also on the fringes.

The objective is to unite as much of greater urban Townsville in Herbert as possible.

This is achieved by transferring the Palm Island Aboriginal Shire to Kennedy. Palm Island is around 60 kilometres from Townsville and is geographically closer to Ingham.

West of the City, I propose to continue the Herbert – Kennedy boundary NNE along the Alice and Black Rivers to the Coral Sea, transferring the balance of the Northern Beaches SA2 to Kennedy.

South of the City on Lake Ross, I propose to turn the new boundary east so that the balance of the localities of Mount Stuart & Murray are contained within Herbert.

Thereafter, the proposed boundary runs generally eastward along Wulguru's southern locality boundary to the rail line; NW along the rail line to the Oonoonba locality boundary then generally northwards to the Ross River so that all of the locality of Oonoonba is in Herbert.

Table of transfers: Herbert

Division	Component	Current	Projected
Herbert		123,471	128,270
From Dawson	Annandale (Qld) SA2 balance	5,811	5,946

Hinkler

As a consequence of the changes further south, the balance of the Fraser Coast LGA is now surplus to Wide Bay's requirements.

The opportunity to unite the entire Fraser Coast LGA in a single division was a no-brainer.

The gain of 25,000+ Fraser Coast electors forces Hinkler to shed much of greater Bundaberg to Flynn.

That new boundary is covered off under the Flynn assessment.

Note: The table of transfers moves only the electors from the Maryborough SA3 from Wide Bay to Hinkler. The Gympie – Cooloola & Maryborough SA3 boundaries do not align with the Fraser Coast – Gympie LGA boundary. The Divisional boundary should align with the LGA boundary, not the SA3 boundary.

So, the numbers provided below may not be 100% accurate.

Table of transfers: Hinkler

Division	Component	Current	Projected
Hinkler		131,120	136,398
From Wide Bay	Burrum - Fraser SA2 balance	102	105
From Wide Bay	Granville SA2 all	2,555	2,626

Hinkler-Wide Bay (Wide Bay → Hinkler)

Kennedy

Significant and logical changes for Kennedy.

The bases for the changes are based on the following ideals:

1. Herbert should contain as much of greater urban Townsville as possible
2. Leichhardt should contain as much of greater Cairns as possible
3. Everything else is in Kennedy

In the far north, Kennedy gains all of Cape York from Leichhardt. Douglas Shire is split with the Port Douglas SA2 remaining in Leichhardt but the Daintree SA2 transferring to Kennedy. The Kuranda SA2 is now wholly transferred to Leichhardt. The Lamb Range, Gordonvale – Trinity & Yarrabah SA2's makes up Leichhardt's new southern boundary.

Around Townsville, Kennedy gains Palm Island and the balance of the Northern Beaches SA2 from Herbert. Also, transferred to Herbert are the balance of the Annandale (Qld) & Douglas SA2's.

Kennedy also gains from Dawson balance of the Townsville LGA not already transferred to Herbert. Kennedy also transfers its portion of the Burdekin Shire to Dawson.

To offset some of the geographical increase in the size of the Division, I propose to transfer the Boulia and Winton Shires to Maranoa.

There appears to be a large discrepancy between the Barcaldine and Isaac LGA boundary and the line followed by the Barcaldine – Blackall SA2, with the error probably on the ABS' end.

If, as it appears, there are no electors affected by this divergence, then the boundary should remain as is.

Table of transfers: Kennedy

Longman-Petrie (Longman → Petrie)

McPherson

McPherson is below projected enrolment tolerance so must gain electors. The current version McPherson shares a very awkward boundary with Wright, which divides the localities of Bonogin and Mudgeeraba.

I propose to transfer the balance of the Mudgeeraba – Bonogin SA2 from Wright to McPherson, excluding parts of the localities of Austinville & Neranwood (contained within SA1's 30905124422 & 30905124423) to address the enrolment shortfall in this Division.

Assumptions have been made in relation to the exact split of both these SA1's between McPherson & Fadden.

Table of transfers: McPherson

Division	Component	Current	Projected
McPherson		123,297	127,590
From Wright	Mudgeeraba - Bonogin SA2 part - exc. Austinville & Neranwood	4,723	4,906
New Total		128,020	132,496
Variation		0.60%	-0.02%

Boundary Changes: McPherson

McPherson-Wright

See Fadden

Maranoa

Maranoa has the lowest projected enrolment of any of the Divisions outside the SE of the State. The solution is to push Maranoa east to the edge of urban Toowoomba to gain those electors.

The gain of electors from Groom – as detailed in the Groom assessment – more than resolve any projected shortfall and also frees up a significant portion of Maranoa's presence in South Burnett LGA.

In South Burnett LGA, Maranoa retains the localities of Chahpingah, Dangore, Wattle Grove, Inverlaw, Goodger, Kunioon, Barker Creek Flat, Nanango, East Nanango, Bullcamp, and all localities south.

Out west, I propose to transfer the Boulia and balance of Winton Shire to Maranoa from Kennedy.

Table of transfers: Maranoa

Division	Component	Current	Projected
Maranoa		117,924	120,748
From Flynn	Roma Surrounds SA1 717 balance - Maranoa LGA	0	0
From Groom	Cambooya - Wyreema SA2 all	6,190	6,552
From Groom	Clifton - Greenmount SA2 balance	1,613	1,651
From Groom	Crows Nest - Rosalie SA2 balance	2,580	2,631
From Groom	Gowrie (Qld) SA2 all	5,782	6,096
From Groom	Jondaryan SA2 balance	5,712	5,838
From Groom	Pittsworth SA2 all	4,321	4,350
From Groom	Wambo SA2 balance	11	11

Moncrieff

Moncrieff's community of interest is proposed to focus more on the eastern Gold Coast, extending no further west than the Pacific Motorway (M1).

Moncrieff expands north, gaining the Labrador SA2 from Fadden in addition to the balance of Southport.

Out west, Moncrieff transfers to Fadden, all territory west of the M1.

East of the M1, the balance of the locality of Nerang is also transferred to Fadden. This splits Carrara SA1 30906124627 as the SA1 boundary diverges from the locality boundary.

The electors transferred is an estimation, based on proportional application of 2021 Mesh Block data.

Table of transfers: Moncrieff

Division	Component	Current	Projected
Moncrieff		127,363	133,259
From Fadden	Labrador SA2 all	13,574	14,116
From Fadden	Southport - North SA2 balance	293	331
To Fadden	Carrara SA1 627 part - locality of Nerang	-8	-9

To Fadden	Nerang - Mount Nathan SA2 balance	-11,665	-11,984
To Fadden	Worongary - Tallai SA2 balance	0	-98
New Total		123,341	129,231
Variation		-3.08%	-2.49%

Boundary Changes: Moncrieff

Fadden-Moncrieff

See Fadden

Moreton

Moreton has the lowest current enrolment figures for the State. It needed to gain electors.

Moreton pushes south, gaining three SA2's from Rankin; Algester, Calamvale-Stretton and Underwood.

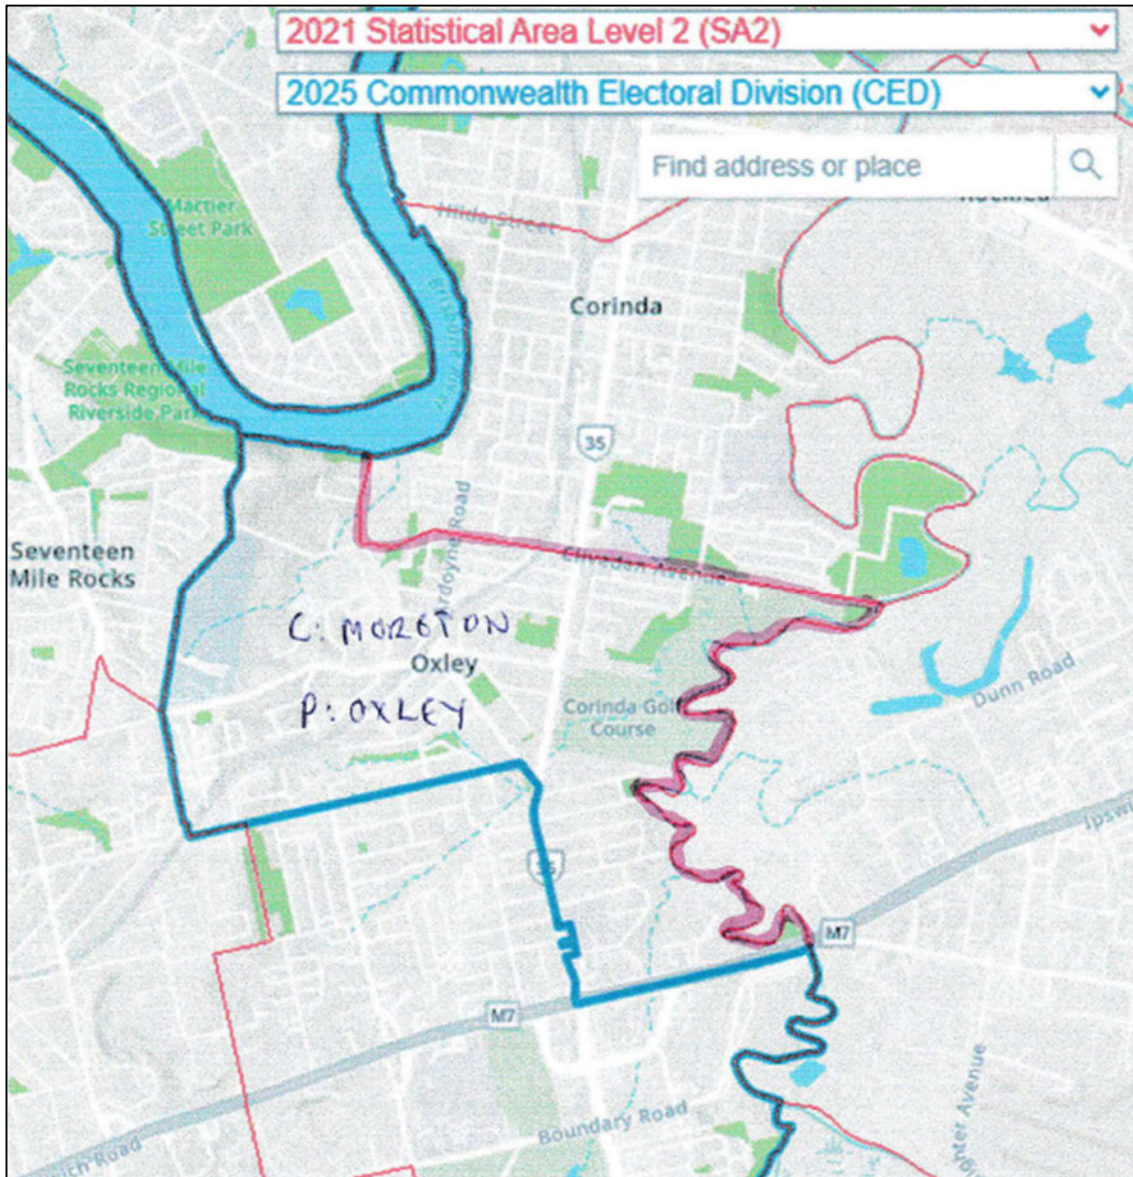

In its west, and to avoid confusion, I propose transfer Moreton's part of the Oxley SA2 to the Division of Oxley.

Table of transfers: Moreton

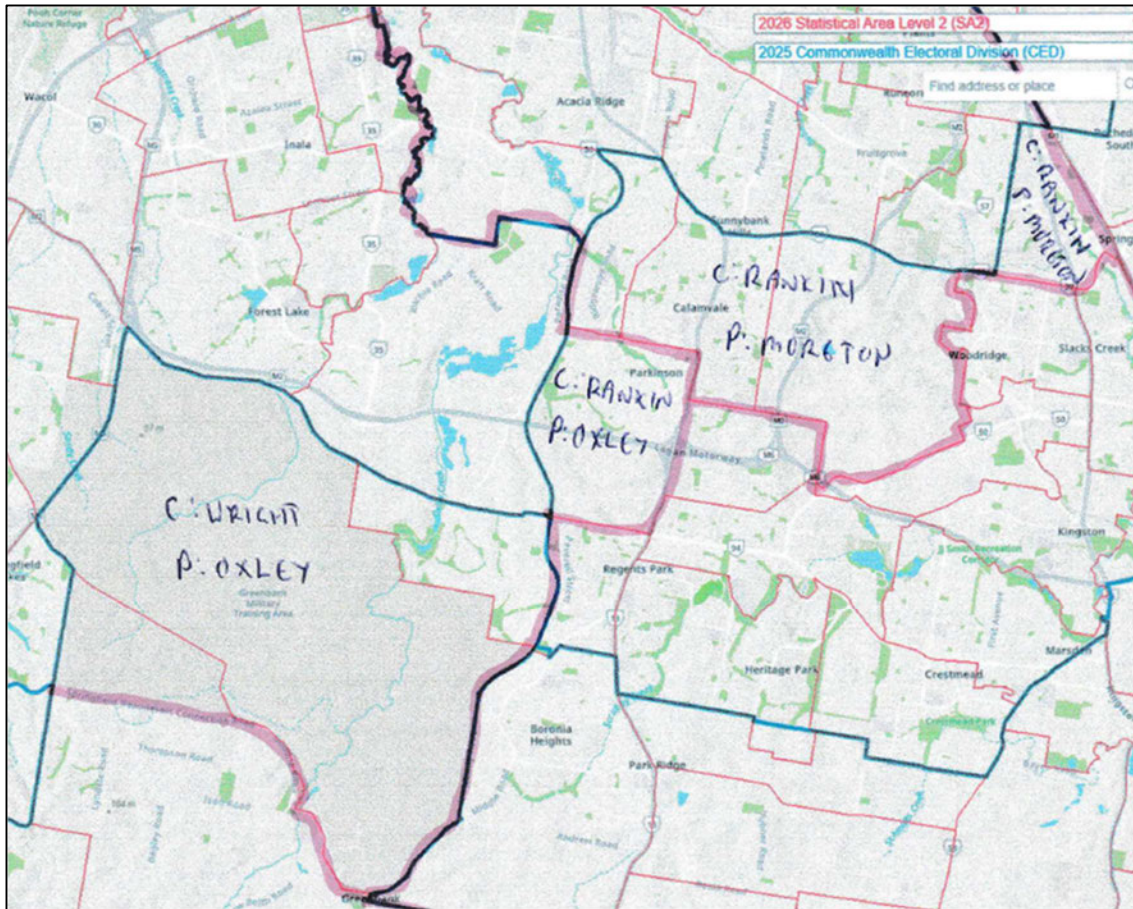

Division	Component	Current	Projected
Moreton		109,636	113,083
From Rankin	Algester SA2 all	5,700	5,920
From Rankin	Calamvale - Stretton SA2 all	13,250	13,870
From Rankin	Underwood SA2 all	4,334	4,474
To Oxley	Oxley (Qld) SA2 - balance	-3,326	-3,459
New Total		129,594	133,888
Variation		1.84%	1.03%

Boundary Changes: Moreton

Moreton-Oxley (Moreton → Oxley)

Moreton-Oxley-Rankin-Wright (Rankin → Moreton; Rankin → Oxley; Wright → Oxley)

Oxley

Oxley is within both current and projected tolerances, however, the 4 adjoining Divisions south of the Brisbane River - Blair, Moreton, Rankin and Wright – are not.

A series of boundary changes pushes Oxley a little further SE.

Out west, the balance of the Collingwood Park – Redbank & Redbank Plains SA2's are transferred to Blair.

In the SW, the part of the Augustine Heights – Brookwater SA2 which is currently in Blair moves to Oxley.

The current boundary along the Springfield – Greenbank Arterial, continues further east, crossing into Logan LGA where it becomes Goodna Rd so that all of the Greenbank Military Camp SA2 moves from Wright to Oxley.

In Oxley's SE corner, where Johnson Rd crosses the Brisbane – Sydney railway, Oxley's new boundary now turns east along Johnson Rd, NNE on the Mount Lindesay Hwy then west, along Nottingham Rd

and continuing along the Parkinson locality boundary to the Brisbane – Sydney railway & Oxley's existing boundary.

In Oxley's NE, the balance of the locality of Oxley and the part of Corinda west of Blackheath Rd is transferred from Moreton, aligning the locality of Oxley and the Oxley SA2 in the Division of Oxley!

Table of transfers: Oxley

Division	Component	Current	Projected
Oxley		124,944	129,999
From Blair	Augustine Heights - Brookwater SA2 balance	171	187
From Moreton	Oxley (Qld) SA2 - balance	3,326	3,459
From Rankin	Parkinson - Drewvale SA2 part - W of Beaudesert Rd/Mt Lindesay Hwy	7,061	7,504
From Wright	Greenbank - North Maclean SA1 905	0	0
From Wright	Greenbank Military Camp SA2 all	0	0
From Wright	Hillcrest SA2 balance	1,933	2,041

Petrie

Petrie's current and projected enrolment numbers were both well above State average. Ultimately Petrie had to shed numbers to Lilley, and did so as a consequence of the flow-on from low numbers in both Ryan and Lilley.

Petrie's presence in the Brisbane City LGA is dramatically reduced with all territory south of Linkfield/Telegraph/Depot Rd transferred to Lilley.

This meant Petrie needed to gain additional electors, which it does from Longman by expanding north and remaining east of the Bruce Hwy.

Petrie's western boundary continues along the Bruce Hwy and its northern boundary is now the Caboolture River.

These changes strengthen Petrie's community of interest in the SE Moreton Bay LGA, east of the M1.

Table of transfers: Petrie

Division	Component	Current	Projected
Petrie		137,616	143,120
From Longman	Burpengary - East SA2 all	5,953	6,836
To Lilley	Aspley SA2 - balance	-2,297	-2,336
To Lilley	Bald Hills SA2 part - S of Linkfield Rd	-582	-624

Longman-Petrie

See Longman

Rankin

Rankin alters dramatically. Taking electors from much of the current Division of Forde.

Some 41% of Rankin's current enrolment is transferred to the Divisions of Bonner, Moreton & Oxley

Just under 45% of Rankin's new, current, electors are currently in Forde.

Starting at the intersection of Beaudesert Rd & Illaween St, Rankin's new boundary runs E along Illaween St and following the Parkinson – Drewvale SA2 boundary to the Logan LGA boundary, then aligning with the LGA boundary generally NE to Compton Rd. East along Compton Rd then SE along Logan Rd to the M1. SE along the M1, then E along Chatswood Rd and aligning with the Daisy Hill SA2 boundary to the Redland City LGA boundary. SE along the Redland City LGA boundary; S along the Shailer Park – Cornubia locality boundary to Bryants Rd; ESE along Bryants and Beenleigh – Redland Bay Rd to Gales Rd. SSW following the line of Gales Rd to the Logan River. Generally, W (upstream) along the Logan River until it aligns with the existing Forde boundary and continuing along that boundary all the way to the Brisbane – Sydney Railway. Continuing along the Railway as it becomes Rankin's existing boundary as far as Johnson Rd. E along Johnson Rd, N along Beaudesert Rd to Illaween St.

Table of transfers: Rankin

Division	Component	Current	Projected
Rankin		117,298	121,280
From Forde	Boronia Heights - Park Ridge SA2 all	14,477	15,838

Ryan

Ryan needed to gain electors. And lots of them. The challenge was to achieve this without crossing the Brisbane River and potentially diluting Ryan's community of interest.

The most obvious first gain was from Blair and the Karana Downs SA2. The rest had to come from Brisbane.

The Brisbane-Ryan boundary changes as follows: At the southern end of Wardell St, Ashgrove; the new boundary turns SE aligning with Stewart and Waterworks Rd's into Red Hill. Turning SSW along Enoggera Tce. W into Kennedy Tce, S along Terrace St, briefly SW along Latrobe Tce, S along Alma St, SE along Fernberg Rd, then, SW along Haig Rd to the existing boundary.

SA1 30504113230 is split between Brisbane and Ryan so any elector numbers are an estimate.

Table of transfers: Ryan

Division	Component	Current	Projected
Ryan		115,632	118,545
From Blair	Karana Downs SA2 all	4,610	4,643
From Brisbane	Ashgrove SA2 part - SW of Stewart & Waterworks Rd's	3,462	3,583
From Brisbane	Bardon SA2 balance	1,724	1,740
From Brisbane	Paddington - Milton SA2 part - W of Terrace & Alma St's; Fernberg & Haig Rd's	3,807	3,921
From Brisbane	Red Hill SA2 part - SW of Waterworks/Musgrave Rd & W of Enoggera Tce	1,938	2,011

Wide Bay

Changes to Wide Bay are a downstream impact of the projected surplus enrolments from Fairfax, Fisher, Longman and Petrie.

Wide Bay retains the Gympie and Noosa shires, but transfers the balance of Fraser Coast shire to Hinkler and the balance of the South Burnett and Cherbourg shires to Flynn.

The Maroochy Hinterland, Eumundi – Yandina, Coolum Beach, Peregrin Springs and balance of the Noosa Hinterland SA2's are transferred to Wide Bay pushing it well into the Sunshine Coast.

Table of transfers: Wide Bay

Division	Component	Current	Projected
Wide Bay		126,117	129,468
From Fairfax	Coolum Beach SA2 all	12,478	12,957
From Fairfax	Eumundi - Yandina SA2 balance	10,349	10,822
From Fairfax	Maroochy Hinterland SA2 balance	5,672	5,856
From Fairfax	Noosa Hinterland SA2 balance	2,473	2,549
From Fairfax	Peregrin Springs SA2 all	7,289	7,753
From Fisher	Maroochy Hinterland SA2 balance	36	39
To Flynn	Kingaroy Surrounds - North SA2 balance	-3,516	-3,576

Divisional Name Relevance: Wide Bay

Wide Bay now only contains the Gympie LGA from what is recognised as the Wide Bay area. The relevance of the Divisional Name 'Wide Bay' to the area it now represents should be questioned.

As Divisional Names constitute part of the Redistribution process, considerations for alternative names should be at least tabled.

At the recently concluded State Redistribution, a number of SED's were renamed to locality names after having been named after prominent Queenslanders.

These included, but were not limited to:

Joseph **BANCROFT** – Medicine, natural history

Maude Rose 'Lore's' **BONNEY** AM, MBE – Aviation pioneer

Professor Dorothy **HILL** – Marine biologist

Ellen Violet 'Vi' **JORDAN** – ALP Stalwart, 2nd female and 1st ALP female elected to State Parliament

Arthur **MACALISTER** – Premier of Queensland

Mary **McCONNEL** – Children's hospital pioneer

Emma **MILLER** – Union Organiser

Frank **NICKLIN** – Queensland Premier

OODGEROO Noonuccal – a.k.a. Kath Walker – Poet, Author

Edward Granville **THEODORE** – Queensland Premier, Deputy Prime Minister, State and Federal Treasurer

Alfred **TRAEGER** – Outback communications pioneer

I would also add to the above list:

Stephen Robert **IRWIN** – Conservationist, environmentalist, wildlife educator, personality.

Sir Fergus **McMASTER** – QANTAS co-founder

Of all the names tabled above, the one that is going to have the most relevance to most Australians is IRWIN. And given where this Division is now located, not *that* far from Australia Zoo, it's also relevant to the area.

Wright

With the 3rd highest current enrolment and highest projected enrolment, significant changes were required within Wright.

Scenic Rim LGA is Wright's centrepiece, and the community of interest around which the Division should be based. Even though the Division currently contains the Lockyer Valley LGA – and as I have noted in my previous submission – there is no direct road or rail connection between these 2 LGA's. It almost appears that Lockyer Valley LGA was added as an afterthought.

The first and most obvious step to addressing Wright's over-enrolment was to get Wright out of the Gold Coast LGA altogether. With Fadden, Forde and McPherson gaining Wright's Gold Coast LGA electors.

Its boundary through Logan City LGA remains mostly unchanged apart from around Greenbank and Forestdale. With the area north of Goodna, Old Greenbank and Middle Rd's transferred to Oxley.

Out west, all of the Lockyer Valley LGA is transferred to Groom.

Wright also gains from Blair the western, more rural parts of Ipswich LGA and all of Somerset LGA. Specifically, within Ipswich LGA, the Rosewood SA2 and the balance of the locality of Purga from SA1 31003129434.

Table of transfers: Wright

Division	Component	Current	Projected
Wright		147,976	158,859
From Blair	Boonah SA1 721 part - Scenic Rim LGA	3	3
From Blair	Esk SA2 all	4,490	4,611
