## Submission on the proposed South Australian redistribution details

**Category:** Names and Boundaries

**Details:** As a general principle, renaming electorates is a poor experience for the voter. There is no need to rename an electorate that isn't significantly changing the boundaries, to the point that it is unrecognisable and a new name would be appropriate. Please do not put the inconvenience on the voting public by renaming electorates like Grey. Also, there is no need, by any metric, to change the boundary of Grey. Another unnecessary confusion for voters impacted by the change. Please leave Grey alone.
