Cross, Nicole - Redistribution SA - Submission on the proposed South Australian redistribution

Personal details

Submission on the proposed South Australian redistribution details

Category: Boundaries

Details: I dont believe that anyone would benefit with the inclusion of the riverbed area into the electorate of grey - which with its size and complexity is already a substantial challenge.

I believe that the future predictions of population growth In Areas around grey, such as the YP, are challenging enough as it is.

Finally I support the change of name, but would like to see Dr Donaghies indigenous name being used - the electorate of Lowitja would be highly appropriate.
