## Submission on the proposed South Australian redistribution details

**Category:** Names and Boundaries

**Details:** It should be left as Grey, as this is what is has been for ever, I am sick of seeing electoral areas having their name changed to an aboriginal name, not everything reloves around them. And it is also confusing when they do change the names what area people are talking about and what area it covers, for example with the recent state election i didn't know half the areas the news and electoral commission were talking about as their names and boundaries have been changed. Leave the names and boundaries alone, grey covers enough area as is and the current standing member does a fantastic job
