Russack, Jodi - Redistribution SA - Submission on the proposed South Australian redistribution

Personal details

Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details: It is not appropriate to alter established geographic boundaries, particularly when doing so results in areas such as Riverlea being included within what is defined as a regional classification. This undermines the integrity and intent of those boundaries. Can you please clarify whether there will be any additional funding allocated specifically for genuine regional areas? Or is this reclassification effectively a way to present expenditure as being directed to regional communities, when in reality it is being spent in outer metropolitan locations?
