Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details:

Leave the current boundaries as they are with the current name. The name Grey has history too. If anything the boundary could be moved north a bit away from periurban areas. Periurban areas need to stay with the city. Bringing periurban into the country detracts from country giving false representation of the area. Periurban areas have completely different needs and views and little knowledge of the agriculture country areas. There has been far too much of centralisation as it is. The country areas have been forgotten, resulting in resources declining. The country areas feed the city, its about time we are looked after and supported.
