Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details:

I strongly oppose the suggestion to rename and extend the boundaries of Grey to include city suburbs. These areas are not a true representation of rural Australia and would significantly effect our ability to have true rural representation to issues that we face in rural and remote communities who do not have the luxury of close access to city services. We have a strong representation from Agriculture, Mining and Manufacturing sectors, which significantly and disproportionately contribute to the economy of South Australia, yet this contribution is already not reflected in voting numbers. To change boundaries would further weaken our collective voice.. dwindling it until we end up with no true voice or representation as these city suburbs populate.
